A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. The board of education of the school district shall, through adoption of a resolution, approve the plan prior to application being made to the State board of Education.

B. Each educational improvement plan approved by the State Board of Education shall include the following components:

1. A description of the educational benefits to be derived;
2. A definition of the standards of the plan;
3. Development of definitive work products, such as site improvement plans and progress reports;
4. Demonstration of collaboration by teachers, administrators, higher education representatives, students, parents/families, and the community;
5. Development and the use of an assessment mechanism to determine progress in meeting the goals and objectives of the plan;
6. Development of an in-service training plan to be provided to personnel at the site who will participate in the project;
7. Report on the results of the plan to the State Board of Education and provision of appropriate technical assistance to other school districts and the State Department of Education as required; and
8. Explanation of how the plan will affect other schools, program or sites in the district.

C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. The State Board of Education may grant an exemption from certification requirements for superintendents to any district with an unweighted average daily membership over twenty-five thousand (25,000). NAME OF WAIVER

- A. Reason for the Waiver request. Please include circumstances which necessitate hiring a non certified library media specialist. What alternative means will be employed if your waiver is denied? Where is the applicant as it pertains to their pursuit of their course of study? What percentage of your student population will benefit from the waiver if approved?

Due to the quality of candidates that applied for the HS & MS Library Media Specialist (LMS) position in 22-23 SY, Noble HS and Curtis Inge MS requested a waiver to employ a qualified candidate as she works on getting her credentials for public school library media specialist degree. The LMS that we hired has 20 years experience working for public libraries, holds a masters in Library and Information Studies from OU, and has applied for the alternative certification program. The current LMS is currently working through the alternative teacher certification. If the waiver is denied, we will post and hope a qualified applicant applies. One hundred percent of our students at each school site will benefit if this waiver is approved. To assist with this, both schools will employ a full-time

- B. List alternate strategies/plans which the district/site proposes. How does this plan best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement? Please list any negative impact if the waiver were to be denied.

Our goal is to continue to provide our students and teachers with access to the library resource program. We believe the candidate that we hired was our best option since she has worked for public library systems and has a masters from OU in Library and Information Studies. We will also continue to post future positions for a LMS with the hope of finding quality candidates. If the waiver is denied, access to the library would be limited due to not having a qualified candidate in the library. Again, we feel that the candidate that we hired has the credentials to run libraries at our MS and HS, as she continues meeting the certification requirements for the OK SDE School Library Media Specialist certification.

- C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We believe that if this waiver is approved, there will be no negative impact on the education of our students. The candidate that we hired has started her alternative certification and is meeting the certification requirements for the OK SDE School Library Media Specialist certification. Prior to this, she has worked for Metropolitan Library System (OKC) as the Engagement Manager (13 Years) and the Wichita Falls Library System as the Assistant Library Administrator (4 Years), and has been an Adjunct Librarian for Rose State College.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The approval of this waiver will not affect the school calendar or the class schedule.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

The proposed waiver will allow us to continue to use a non-certified hire as MS/HS Librarian as she works to fulfill the certification process. The district does not see any negative financial impact, and the district will be glad to pay the salary for the librarian.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The district will constantly evaluate the use of the library and the effect of a non-certified librarian. We do not expect a loss in the use of the library, nor in any academic assessed areas due to the non-certified librarian. During the 22-23 SY, we actually saw more students using the library.

** You will be contacted if more information is needed to process this request.

On the PDF, it does not show all of my response to A. Here is what I typed.

RE: Statutory Waiver for 70 O.S. § 3-126

To Whom It May Concern,

I am writing to request a Statutory Waiver for 70 O.S. § 3-126. This request is necessary due to the quality of candidates that applied for the MS or HS Library Media Specialist (LMS) position in 22-23 SY. We have been very pleased with what our candidate did during that school year and have seen an increase in the use of both libraries. Again, we are asking for this waiver due to the quality of candidates that applied for the Library Media Specialist (LMS) position and would like to continue to employ a qualified candidate as she works on getting her credentials for public school library media specialist degree. The LMS that we hired has 20 years experience working for public libraries, holds a masters in Library and Information Studies from OU, and has applied for the alternative certification program. The current LMS is currently working towards her alternative teacher certification. If the waiver is denied, we will post and hope a qualified applicant applies.

However, as stated, we believe we have hired a strong candidate that will be supported by hiring two full-time library assistants.

Respectfully,

Frank Solomon

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We had a Library Media Specialist opening and have an internal applicant that would like the position. Mrs. White has already been accepted into the Oklahoma State University Library Media Specialist graduate program for the Fall of 2023.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

There will not be a negative impact. Our teacher has been in the classroom teaching the last two years. During this transition, the Library Media Specialist that is transitioning into an Interventionist is still in the building.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have had a couple in Guthrie over the last 6 years, but those individuals completed their requirements and are certified without any issues. With having previous knowledge of a Deregulation of Waiver, the district is prepared to ensure student success.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Attached is a letter of acceptance from OSU and from our teacher with a timeline.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

There will be no financial impact to the district. This position is replacing a full-time staff member that transferred into an open Interventionist position, so we are not adding another FTE.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We monitor benchmark tests monthly to make sure that learning is being tracked and remediation is offered immediately when needed.

** You will be contacted if more information is needed to process this request.

To Whom it May Concern,

I have been accepted into the library graduate program at Oklahoma State University. I will start fall semester of 2023 and estimate to finish May/summer of 2025. I was a kindergarten para for two years prior to completing my alternative certification in early childhood education. I have been a certified teacher for two years and graduated in January 2023 with a master's in curriculum and instruction.

Sincerely,

Melissa White
