Re: Request a Waiver for Flexibility of Allocated Textbook Funds

We request your approval for a waiver which would allow part of the FY23 state textbook funds to be used for other general fund expenses, specifically certified teachers' salaries. According to 70 O.S. § 16-114a section B, "A school district seeking flexibility in the use of state-appropriated funding allocated pursuant to this section for textbooks shall be required to demonstrate to the State Board of Education that the textbooks and instructional materials used by the district for the subject areas being considered in the current textbook adoption cycle are current and appropriate for student learning." The bullet point below demonstrates that Goodwell Public Schools has identified alternative resources to purchase and maintain textbooks.

- Goodwell Public Schools has been making the switch away from traditional textbooks and going to on-line and computer assisted solutions. We have been using ESSER and other monies to fund our programs. We would like to have the flexibility to use the remaining textbook money we do not spend on these programs, to put toward teacher salaries. We are a small school district and do not generate a large amount of textbook funds, but feel this is a warranted use of the monies.

We appreciate your consideration of this flexibility which allows us to meet both the textbook and teacher needs of our students.

To whom it may concern,

I am writing this letter to provide you information related to our annual textbook adoptions. On August 10, 2021, Bartlesville Public Schools held a bond election which passed. Included in the resolution were funds to be used to purchase state-adopted textbooks over the subsequent three (3) academic years beginning with 2022-23. I have attached a copy of the bond resolution to document this fact. We provided additional information to our patrons via our website, bruinbond.com, indicating to our voters that textbooks would be purchased over the next three years. We explained the need for this since textbook allocation stability has been an issue in the past and we want to ensure we are prepared for the future, regardless of state allocations.

Bartlesville Public Schools has kept current on its state-adopted textbook schedule and, thanks to our patrons, will have sufficient bond funds to adopt current textbooks through the 2024-25 school year. It is, therefore, our intention to use the state textbook money to cover other instructional expenses related directly to our classrooms.

Sincerely,

Chuck McCauley, Superintendent
Bartlesville Public Schools
