

RYAN WALTERS
STATE SUPERINTENDENT *of* PUBLIC INSTRUCTION
OKLAHOMA STATE DEPARTMENT *of* EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: Ryan Walters

DATE: November 30, 2023

SUBJECT: Deregulation for Library Media Specialist Certificate Exemption

The following school is requesting exemption from library media certification requirements pursuant to 70 O.S. § 3-126 for the 2023-2024 school year. A certified teacher will be used as the librarian while pursuing library media certification. Approval is recommended.

Section 42.8. Requirements for Exemption.

A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. The board of education of the school district shall, through adoption of a resolution, approve the plan prior to application being made to the State board of Education.

B. Each educational improvement plan approved by the State Board of Education shall include the following components:

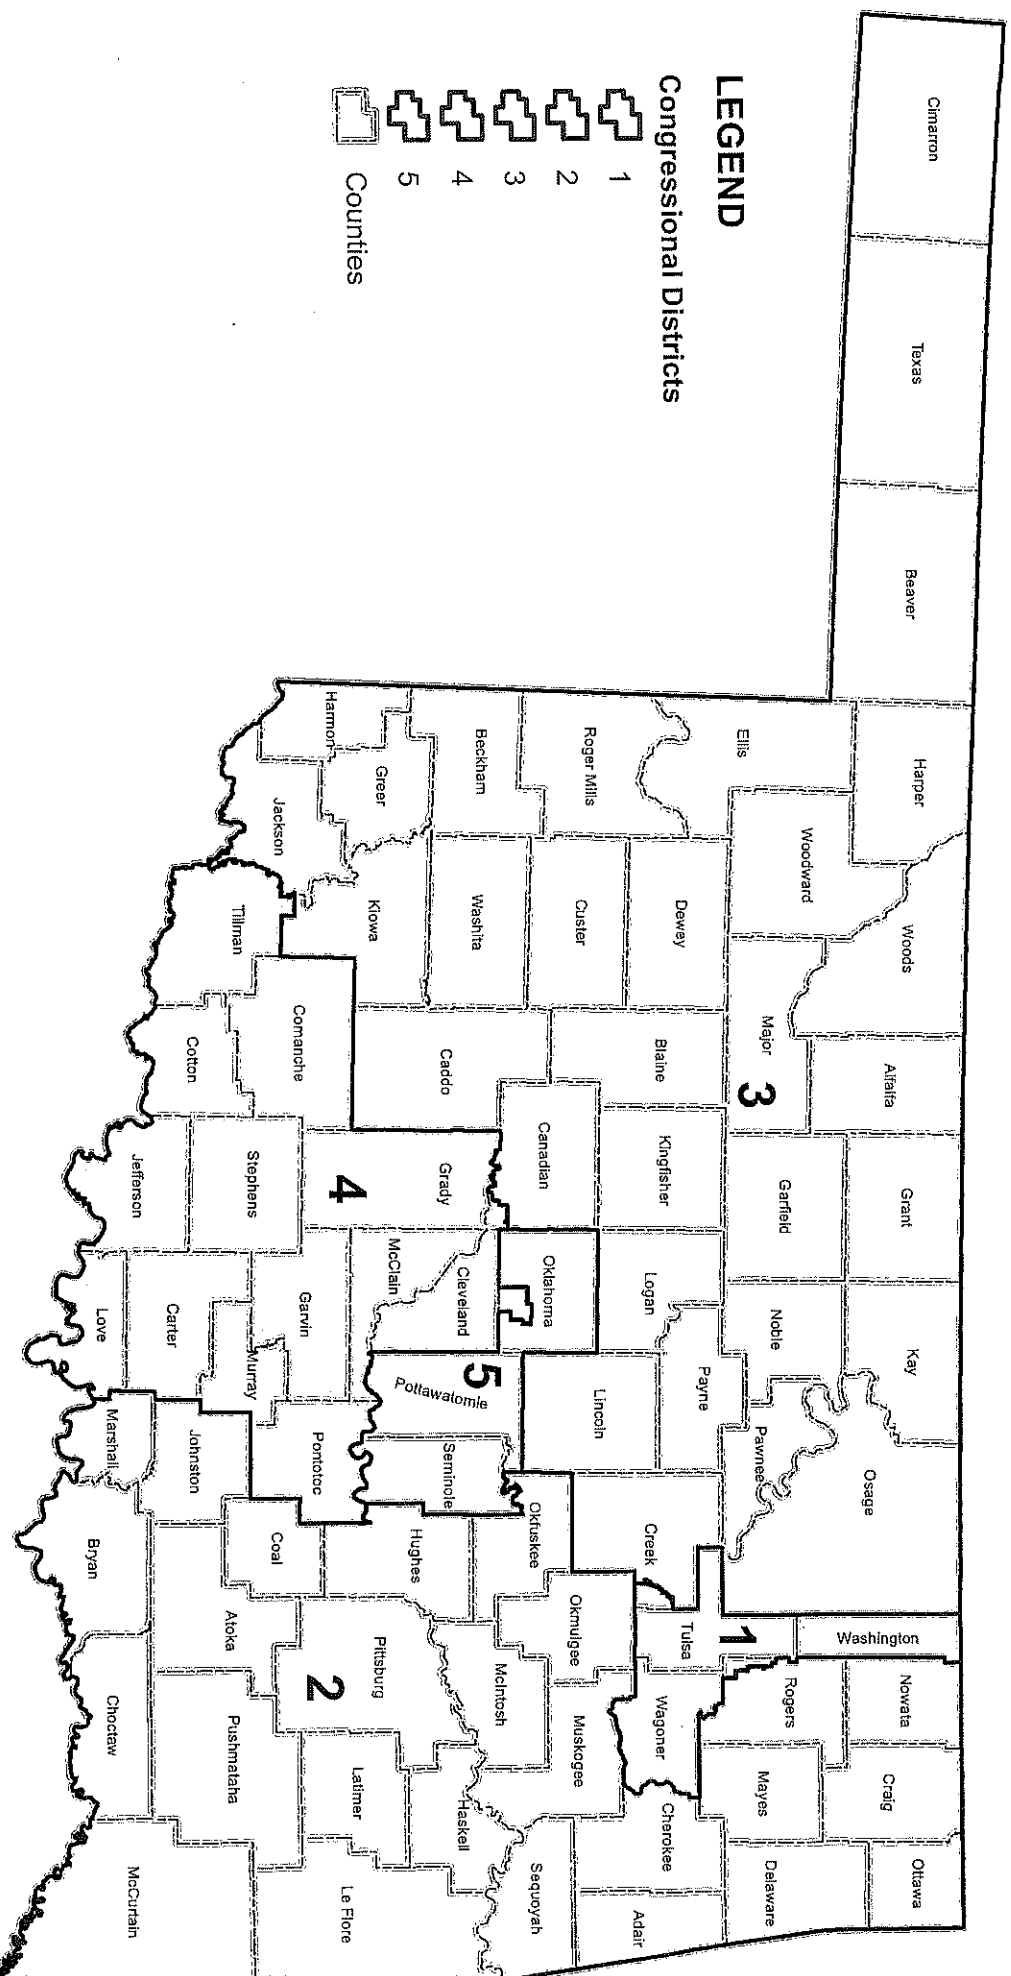

1. A description of the educational benefits to be derived;
2. A definition of the standards of the plan;
3. Development of definitive work products, such as site improvement plans and progress reports;
4. Demonstration of collaboration by teachers, administrators, higher education representatives, students, parents/families, and the community;
5. Development and the use of an assessment mechanism to determine progress in meeting the goals and objectives of the plan;
6. Development of an in-service training plan to be provided to personnel at the site who will participate in the project;
7. Report on the results of the plan to the State Board of Education and provision of appropriate technical assistance to other school districts and the State Department of Education as required; and
8. Explanation of how the plan will affect other schools, program or sites in the district.

C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. The State Board of Education may grant an exemption from certification requirements for superintendents to any district with an unweighted average daily membership over twenty-five thousand (25,000). NAME OF WAIVER

Amber-Pocasset Public School 26/I128
Library Media Specialist Waiver Request
70 O.S. § 3-126

- A. Reason for the Statutory Waiver Request. Please include circumstances which necessitate changing the standard for library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

The previous Library Media Specialist that had served the district for 43 years retired last year after suffering a stroke in October 2022. We have on staff an individual who has passed the Library Media Specialist certification test (May 16, 2023) and is on track to complete her coursework in May of 2024. If the waiver is denied I believe the next course of action would be to request a Deregulation for Library Media Services to be suspended until a certified replacement can be found.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The individual we are requesting the waiver for is Marti Ferguson, Teacher #215958. Ms. Ferguson has twenty-one (21) years of experience as a certified teacher and five (5) years in the district. Over that time she has proven herself as a highly effective teacher in the classroom and there is no doubt her passion for kids and learning will have a tremendous impact for all students in the district. If the waiver is denied every student in the district will lose access to library media services. In addition the ability of Ms. Ferguson to share her passion for learning and reading with students of all grade levels will be extremely limited.

- C. Has this statutory waiver been awarded before? If so what was the educational impact to the district: Results of the Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

This statutory waiver has never been awarded or requested before. The district fully expects Ms. Ferguson to complete her required coursework in May of 2024 and fulfill all of the requirements for certification as a Library Media Specialist.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Weekly and Monthly schedules are attached.

- E. Any financial impact to the district (positive or negative) for the proposed waiver? If positive please describe where the available would be reallocated.

There would be no financial impact to the district. If approved or not the district is committed to filling that position on a full-time basis.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, i.e., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The effectiveness of the program will be assessed using the TLE evaluation program for certified staff as well as student participation in and use of library media services.

**** You will be contacted if more information is needed to process this request.**

HOW TO READ YOUR CEOE™ SCORE REPORT

General Information for OSAT™ and OGET™ Score Reports

Your Status. Your score report indicates your passing status. Passing status is based on your scaled total test score. A "Pass" indicates that you passed the test (i.e., you received a scaled total test score of at least 240). A "Did not pass" indicates that you did not pass the test (i.e., you received a scaled total test score of less than 240).

Performance Graph. This section of the report provides a graphic indicator of your performance for each subarea and, if applicable, for the constructed-response assignment(s). The information will also help you identify your areas of relative strength or weakness. This section also shows the number of scorable selected-response items in each subarea (with the exception of the constructed-response subarea). Scaled subarea scores are presented on the same scale (100 to 300) as the scaled total test score. A subarea scaled score at or above 240 indicates satisfactory performance. A scaled score less than 240 may indicate weaknesses in your understanding and application of the knowledge and skills contained in the subarea.

Subarea- and Competency-Level Reporting. The second page of the report provides additional performance information for selected-response items by listing the number of scorable items in each subarea and competency, as well as the percentage of these questions that you answered correctly.

Please note: You do not "pass" individual subareas or, if applicable, constructed-response assignments. Passing status is based on the total number of questions you answered correctly on the entire test, including, if applicable, the quality of your response(s) to the constructed-response assignment(s).

Passing Scores. Minimum passing scores for all CEOE tests are established by the Office of Educational Quality and Accountability using recommendations of panels of Oklahoma educators. The scaled minimum passing score for each test is designed to reflect the level of knowledge and skills required for effective performance in Oklahoma schools.

Test Descriptions. A description of the test(s) that you took, including the list of subareas and competencies, is contained in the appropriate CEOE study guide. For tests with one or more constructed-response assignments, a list of performance characteristics and scoring scale(s) is also included in the study guide.

Reporting of Scores. Your scores have been forwarded to the Office of Educational Quality and Accountability and to the applicable teacher preparation institution that you indicated during registration. Keep this score report for your own records.

Retaking the Test. If you need to retake a test, please refer to the CEOE website, www.ceoe.nesinc.com, for further information.

OSAT Score Reports

Overview. For each OSAT that you took, your OSAT score report indicates whether you passed the test, how you performed on the test as a whole, how you performed on each content subarea of the test, and how you performed on each competency of the test.

Selected-Response-Only Tests. The scaled total test score is based on the total number of selected-response questions answered correctly on the entire test. Results are reported as scaled scores in a range of 100 to 300. A scaled total test score of 240 represents the scaled minimum passing score for each test. The scaled score is not the percentage of questions answered correctly. Your passing status is based on the scaled total test score.

Selected-Response-and-Constructed-Response Tests. The scaled total test score is based on the total number of selected-response questions answered correctly in combination with the score(s) on the constructed-response section(s) of the test. Results are reported as scaled scores in a range of 100 to 300. A scaled total test score of 240 represents the scaled minimum passing score for each test. Your scaled total test scores were calculated using the information that follows for your test category:

Test Category	Selected-Response Section	Constructed-Response Section
Selected-Response Questions and One Constructed-Response Assignment	85%	15%

Test Category	Selected-Response Section	Listening Comprehension	Reading Comprehension or Reading and Vocabulary	Written Expression	Oral Expression	Language Structures & Comparisons	Cultural Perspectives, Comparisons, & Connections	Language Acquisition & Instruction
French, German, Latin, Russian, Spanish	70%			15%	15%			
Cherokee		14%	14%	15%	15%	14%	14%	14%
Chinese (Mandarin)	38%	16%	16%	15%	15%			

School Administrator Test Category	Selected-Response Section	Constructed-Response Assignment
Superintendent	80%	20%
Principal Comprehensive Assessment	80%	20%

OGET Score Reports

Overview. The OGET assesses general education knowledge and skills. General education knowledge and skills are assessed through selected-response items and one writing assignment. The OGET score report indicates your scaled total test score, whether or not you passed the test, and your performance on each subarea and competency of the test.

Your Scaled Total Test Score. The scaled total test score is based on the total number of selected-response questions you answered correctly in combination with your score on the writing assignment. Results are reported as scaled scores in a range of 100 to 300. A scaled total test score of 240 represents the scaled minimum passing score. Your score on the selected-response questions accounts for 80 percent of the test and your score on the writing assignment accounts for 20 percent.

Applying for Certification

To obtain your Oklahoma certificate, you must apply through the Oklahoma State Department of Education. The Office of Educational Quality and Accountability will provide the Oklahoma State Department of Education with verification of your assessment. Successful completion of the appropriate assessment requirements does NOT equal certification. For further information regarding certification, contact the Oklahoma State Department of Education at (405) 521-3337.
