Contacting DLM Service Desk

(Phone Number: 844-261-6481; email: DLM-support@ku.edu)

Do not send any Personally Identifiable Information. The only identifier relating to a student that can be sent is the STN.

Please send your contact information (name and email), your school and district name, and error message or what you need help with.

Completing the Teacher Survey

We highly encourage test administrators to complete the teacher survey located in Kite Student Portal after testlets have been administered in each subject area. It is located under the Other tab.

High School Testing Information

11th graders may have their ELA/Math requirement met through the testing method that the IEP team has agreed is appropriate either through DLM, ACT, or SAT. Just as a reminder, any student who is participating in the OAAP need to have documentation to show they have significant cognitive and significant adaptive behavior deficits.

Manual Links

Test Administration Manual	Supports test administrators in preparing themselves and students for assessment.
Guide to Practice Activities and Released Testlets	Supports the test administrator in accessing practice activities in Student Portal using student demo accounts.
Educator Portal User Guide	Supports test administrators and other district users in navigating Educator Portal to access assessment information including student data and reports.
Accessibility Manual	Provides guidance on the selection and use of accessibility supports available in Student Portal.
