

2019-2020 OAAP In-Person Trainings

The Office of Special Education Services is offering in-person trainings this fall for the Oklahoma Alternate Assessment Program (OAAP). This training will cover the Dynamic Learning Maps (DLM) Alternate Assessment System regarding Instructionally Embedded (IE) Assessments and Year-End Assessments (YE). In addition, information regarding the 1.0 Percent Participation Cap will also be presented.

This training is designed for directors and Severe/Profound special education teachers administering the OAAP. Due to limited seating, we recommend districts send their special education director and no more than 1-2 teachers per grade span. This is not a required training for the alternate assessment. A recorded training will be posted on the OSDE website later this fall semester.
