# OMES IS Vision

We are one, unified state IT resource – promoting collaboration, innovation and operational excellence while striving to provide quality services and become trusted advisers through strategic alliances and by contributing to the development of a more effective government for our citizens.

# OMES IS Mission & Goals

To partner with State of Oklahoma agencies and affiliates to deliver quality, cost effective and secure information technology services.

## ► **Goals/Values:**

- Drive business innovation through technology.
- Promote collaboration across state entities.
- Utilize all government resources effectively and efficiently.

# Partnership & Collaboration Initiatives

# Affiliate Partner

Any governmental entity specified as a political subdivision of the State.

Examples:

- Cities
- Counties
- K-12 districts
- Higher Education Institutes
- Tribes
- Hospitals

# Partnership Approach

## OMES IS Should:

- Add value to every interaction with our agencies and affiliates
- Quickly adapt to the needs of our partners
- Provide quality, innovative and secure solutions
- Communicate meaningfully with our partners

This will allow us to ultimately transform IS's role from a regulator to that of a trusted advisor for our partners.
