

# OSDE 2020-21 Education Technology Survey

The Oklahoma State Department of Education requests all districts complete the annual Oklahoma Education Technology Survey in order to obtain information required per <u>62 OK Stat § 62-34.23 (2014)</u>.

Gaining an understanding of each school district's technology and Internet capacities, as well as needs, will assist our state in better supporting schools in closing the digital divide. The OSDE will provide a brief overview of the survey data with districts later this year.

For questions involving financial information, exact dollars are not necessary. Feel free to round numbers. The survey's financial data should include spending from July 1, 2019, to June 30, 2020. All other data should the 2020-21 school year.

If you have any questions regarding this survey, please email <u>Karen Leonard</u>. Please have one person, per district, complete the survey by April 20, 2021.

# **District Information**

### 1. District Name

#### 2. District Number

#### 3. County Name

#### Student Devices

4. Please indicate which of the following devices, routinely intended for **student use**, are owned by your school district. Include any school-owned devices that are used in 1:1 programs. (*In a 1:1 program, each student is assigned a school-provided device they carry with them between classes. Students may or may not be allowed to take their devices home.*) Please do **not** include student-owned devices.

| Windows Desktops        |  |
|-------------------------|--|
| Windows Laptops         |  |
| Windows Surface Tablets |  |
| Mac Desktops            |  |
| Mac Laptops             |  |
| Chromebases             |  |
| Chromeboxes             |  |
| Chromebooks             |  |
| iPads                   |  |
| iPods                   |  |
| Android Tablets         |  |
| Kindle Fire Tablets     |  |
| Other (please specify)  |  |
|                         |  |
|                         |  |

5. For districts that are not 1:1, carts can be an interim step to introducing more technology into instruction. Does your district provide laptop carts for teachers to use in their classrooms? If so, what types?

|                                                                  | Preschool  | Elementary School | Middle School/Junior High | High School |
|------------------------------------------------------------------|------------|-------------------|---------------------------|-------------|

# Classroom Technology

7. What other types of technology are used in your classrooms?

| LCD or DLP, mounted or unmounted, projectors              |
|-----------------------------------------------------------|
| Interactive whiteboards                                   |
| Interactive projectors (no interactive whiteboard needed) |
| Interactive tables (e.g. SMART Table, ActivTable)         |
| Osmo devices                                              |
| Apple TVs                                                 |
| Google Nexus Players/Chromecasts                          |
| Fire TVs/Sticks                                           |
| Roku Players                                              |
| 3D printers                                               |
| Document Cameras                                          |
| Other (please specify)                                    |
|                                                           |
|                                                           |

#### **Internet Service**

- 8. Who does your district use as its internet provider?
  - 9. What is your district's provisioned internet speed in Mbps? (1 Gbps=1,000 Mbps)
    - 50 Mbps
    - 100 Mbps
    - 250 Mbps
    - 500 Mbps
    - 800 Mbps
    - 1000 Mbps
    - 2000 Mbps
    - 5000 Mbps
    - Other (please specify)

10. What is the range that best corresponds to your district's provisioned local area network (LAN) speed?

| Less than 100 Mbps           |  |
|------------------------------|--|
| 100 Mbps to less than 1 Gbps |  |
| 1 Gbps to 10 Gbps            |  |
| 10 Gbps or higher            |  |
| Other (please specify)       |  |
|                              |  |
|                              |  |

**Technology Staff** 

This section will cover two groups of technology staff:

Technology Director or Chief Technology Officer (CTO) whose primary responsibility is installing, maintaining and overseeing the network infrastructure, servers, computers, and software that your district uses.

Instructional Technology Staff/Coach whose primary responsibility is supporting teaching and student learning with an emphasis on technology integration in the classroom.

22. Does your district employ a technology director or chief technology officer?

- > Yes, our district has a full-time technology director.
- Yes, our district has a part-time technology director.
- No, our district contracts out our IT work.
- No, our district does not have a person in this role.

23. If you answered yes to the previous question, please share the name and email address of your district technology director or CTO.

24. Does your district employ an instructional technology director or coach who supports the teachers in technology usage and integration?

- Yes, our district has multiple full-time instructional technology directors or coaches.
- Yes, our district has one full-time instructional technology director or coach.
- Yes, our district has one or more part-time instructional technology directors or coaches.
- 🕥 No, but our district has people who are technology leaders and support teachers with technology usage and integration.
- No, we do not have anyone who supports teachers with technology usage and integration.

25. If you answered yes to the previous question, please share the name(s) and email address(es) of your instructional technology director(s) or coach(es).

#### 1:1 Program

In a 1:1 program, each student is assigned a school-provided device they carry with them between classes. Students may or may not be allowed to take their devices home. This does not include devices housed in a computer lab or mobile cart.

26. Does your district have a 1:1 program with **at least one grade** having devices **assigned to every student**?

| ^ | ) | Yes |
|---|---|-----|
|   | 1 | 100 |

🔵 No

27. What are your 1:1 program plans for the next 2 years?

- 🔵 No change
- 🔵 Begin

🔵 Maintain

- Expand
- 🔵 No plans
- Other (please specify)

Note: If your district does not have a one-to-one program currently, skip to question 31.

28. Please select the range that best describes the 1:1 program coverage for students in your district, by grade.

|                                                                                                                                                         |
|                                                                                                                                                         |

**Financial Information** 

Please report your technology-related expenses for the 2019-20 school year (July 1, 2019-June 30, 2020). Only enter out-of-the pocket expenses for which the district is not reimbursed. Exact dollar amounts are not necessary; please feel free to round to the nearest dollar.

40. How much did your district spend on **end-user hardware** (computers, tablets, and other end-user devices)?

41. How much did your district spend on **networking hardware** (networking equipment, servers, WAPS, etc.)?

42. How much did your district spend on annual networking charges (Internet, WAN)?

43. How much did your district spend on **instructional software licenses** and **instructional web-based subscriptions**?

44. How much did your district spend on other software licenses and web-based subscriptions?

45. How much did your district spend on its student information system?

46. How much did your district spend on its accounting system?

56. Percentage using other means of internet access

57. Percentage having no home internet access

Full-Time Virtual/Blended Learning

Full-Time Virtual Learning is completely online learning that occurs away from the school building either through asynchronous and/or synchronous instruction. Blended Learning is learning that occurs through a combination of supports from a brick and mortar learning site and the learning environment of a virtual platform.

58. Which of the following form/s of instruction does your district plan to offer for the 2021-22 school year? (Please select all which apply.)

Traditional face-to-face instruction

Full-time virtual learning

Blended learning

# Survey Respondent Information

59. Please enter the information for this survey's main respondent.

Name

**Email Address** 

**Phone Number** 

60. Please enter the title of the main respondent.
