Introduction

This guide is meant to help assist district staff to navigate through the Dropout Report. This guide can be used for both the Full Fiscal Year (FFY) 2021 Report opening late April/early May 2021, as well as the Full Fiscal Year (FFY) 2020 Report currently open as of April 2021.

This guide WILL update when the FFY 2021 Report opens. The first version of this guide will focus primarily on the FFY 2020 Report.

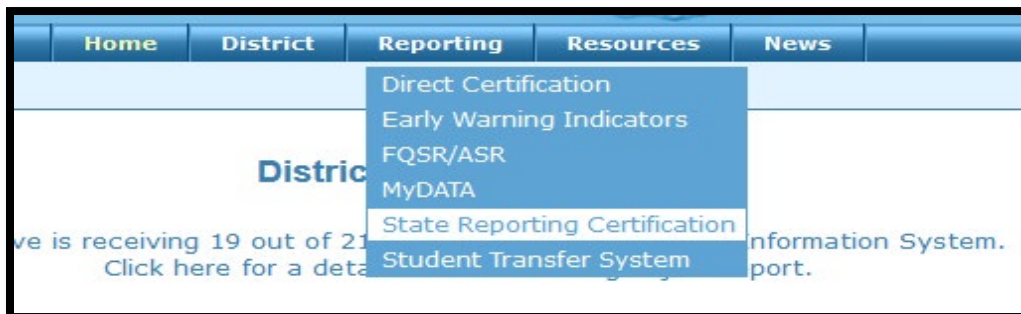

How to get to the Dropout Report

To begin, go to the [Single Sign on Website](#), log in and choose “The Wave’s Portal” option from the list of application(s)

Screenshot from Single Sign On above

Once in the Wave, look for the “Reporting” tab and select “State Reporting Certification” from the drop-down list. If you are not able to see the “Reporting” tab or in the drop down, “State Reporting Certification” as options, contact your district superintendent or single sign-on administrator for access.

Screenshots from The Wave's Portal above

Once in “State Reporting Certification” look for one of the following, the “FFY...Dropout Report” in the list of reports. Review the “Report Opens” and “Due Date”. If the report is currently open, the “Report Status” will show as “Open” otherwise, it will say Closed.

Report Link	Report Status	District Status	Report Opens	Due Date	End Date
FFY2020 Dropout Report	Open	In Process	4/1/21 0:00	5/14/21 23:59	5/14/21 23:59

Dropout Reporting Windows

There will be two reports open throughout the year. One is scheduled to open annually in April and will stay open through June 30. This report will include dropouts that occurred between October 1 and June 30. **This report is open for review and is not expected to be certified.**

The other will open in August and will stay open through October of the following school year. This report will include any dropout found that are still applicable from the previous dropout report as well as any dropouts that occurred between July 1 and September 30. **This report is expected to be certified and will be used for reporting purposes.**

(Updated) Due to changes in the 19-20 EdFacts reporting definition. OSDE is making a one-year exemption on the reporting window. For purposes of reporting 19-20 dropouts, any student enrolled between:

October 1, 2019 - September 30, 2020 that did not re-enroll by May 13, 2021 will be considered a dropout.

It is expected for the 20-21 Dropout Report, the reporting window will revert back to report dropouts found that did not re-enroll between October 1 – September 30.

[Back to Top of Dropout Report Guide](#)

Dropout Reported Grades

The report will include any students in grades 7-12 that meet the definition of being a dropout per [OAC:210:35-25-3](#).

Dropout Report Statuses

After clicking on either instance of the Dropout Report you will see a list of the site(s) in your district. Each site has a site status to indicate the progress status. To certify, **all** sites required to complete the report must be confirmed. The progress statuses are as followed:

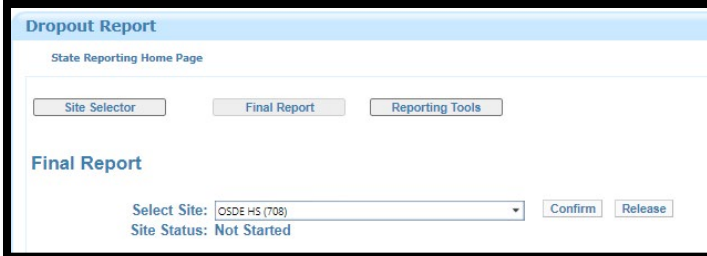

1. *Inactive*: Any site that is not expected to complete the report
2. *Not Started*: No user has logged in to look at the report
3. *In Process*: At least one person has logged in to look at the report
4. *Confirmed*: The Principal has confirmed the report
5. *Certified*: The Superintendent has certified the report

[Back to Top of Dropout Report Guide](#)

Dropout Report Layout

After selecting a site, the report will default to the “Final Report” screen. In the report window, the following buttons below will take you to another location when pressed

1. *Site Selection*: Returns you to the site selector.
2. *Final Report*: The data that will be reviewed. This data is prepopulated from your student information system (SIS) and is updated nightly **if it relates to current year data**.
3. *Reporting Tools*: Contains reports that may help assist in the completion of the Dropout Report.

The screenshot shows a web interface titled "Dropout Report" with a sub-header "State Reporting Home Page". Below the header are three buttons: "Site Selector", "Final Report", and "Reporting Tools". The "Final Report" section is active, showing a "Select Site:" dropdown menu with "OSDE HS (708)" selected, and a "Site Status:" label with the value "Not Started". There are "Confirm" and "Release" buttons to the right of the dropdown.

How to complete the Dropout Report

As of April 23, 2021

The Dropout Report will default to the “Final Report” which displays all records found to be a dropout at the site or district. The “Final Report” is prepopulated entirely from information sent to the Wave from a local SIS. To complete the report follow the following steps:

1. Review the list of students appearing on your dropout report. This will show any student enrolled in grades 7 through 12 that were identified as a dropout. There are 25 data points currently shown, [see below for the layout of the report](#) as well as the [list of exit codes](#) used and whether the student will be considered a dropout if used.
 - a. **(Updated)**: The Office of Data & Information Systems is working with the Office of Accountability and will exchange data edits made in either the Accountability Reporting system OR through the Wave dropout report for various purposes. It is expected for data to match between offices at all times.
[See data syncing between Accountability & the Wave for more detail.](#)
2. After verifying that all information is correct for a site, the site principal will confirm the report. Once all site(s) within a district is confirmed, the Superintendent can certify. **By certifying the Dropout Report the Superintendent is verifying that all information for their district is accurate. This information will be used for state and federal reporting.**

On Screen Data Entry

(Updated) Districts are now able to use on-screen data entry to correct issues with SY 20 data. Edits to SY 21 data will happen in the SIS.

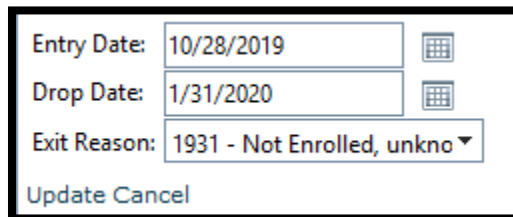

- a. In order to view on screen data entry, you must reach out to the Data & Information Systems office; contact StudentDataInfo@sde.ok.gov to unlock.

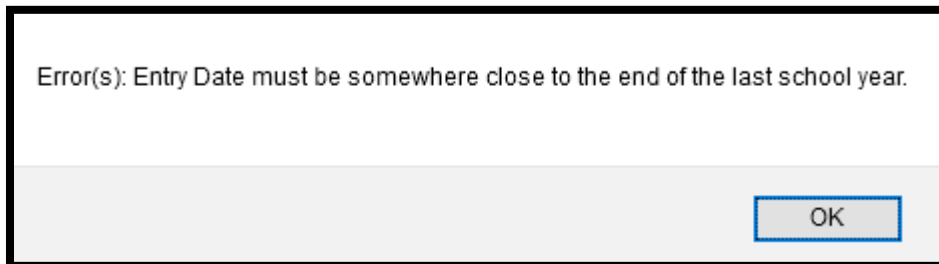

- b. While in the report, click on the “On Screen Data Entry” button

- c. Navigate to the student enrollment record that needs exit information edited and click “Edit”. 3 rows will appear below the record chosen to edit
- Update the exit reason if it is currently blank or does not match what is in the SIS for SY 2020. All exit codes are available to choose from aside from 9999 (Other). [See Table 1](#) to review the list of valid exit codes.
 - If the entry and exit dates are blank or does not match what is in your SIS for SY 2020.
 - Edits can only be made to SY 2020 information as it is expected for current SY data is edited in the SIS. [See Table 1](#) to review if documentation will need to be provided to the Accountability office for reporting purposes. **A Data Verification Request** will be required.

A screenshot of a data entry form. It contains three input fields: "Entry Date" with the value "10/28/2019", "Drop Date" with the value "1/31/2020", and "Exit Reason" with a dropdown menu showing "1931 - Not Enrolled, unkno". Below the fields are "Update" and "Cancel" buttons.

- If the entry date entered does not pertain to the SY 2020 an error message will appear alerting you to pick a date between July 1 and June 30.

3. If the exit date entered does not pertain to the SY 2020, an error message will appear alerting you to know that you can only enter an exit date between October 1, 2020 and June 30, 2020. Entry dates can be anytime in SY 2020.
 - a. If the exit date is before the entry date, the same error message below will appear.

Error(s): Exit Date must be greater than or equal to the Entry Date and the Exit Date range must be greater than or equal to October 1st of last school year and less than or equal to June 30th of this school year. Edits to current year data will be made in the Student Information System (SIS).

OK

- d. Once a record has been updated, a popup will appear on your screen.

The record was updated!

OK

Data Syncing between Accountability and the Wave

In order to display accurate data between OSDE divisions when the opportunity arises for edits to be made outside of an SIS, the office of Accountability and the Data & Information Systems office have implemented a synchronous data exchange to ensure all reports reflect the same information—no matter which division displays it.

For that reason, review below to see how documentation should be submitted to the OSDE for ease of future reporting in certain scenarios.

If a student belongs to cohort years 2020, 2019 or 2018:

- The school will have to *first* create a Data Verification Request (DVR) in the Enrollment Graduation Review process in the Accountability Reporting application. **Do not attempt to change this information in the Dropout Report. It must be submitted through the Accountability Reporting Application.**
 - Appropriate written documentation will have to be uploaded within the DVR.
 - An Accountability staffer will review the record and update, if appropriate. For more information, please see the [Enrollment Graduation Review toolkit](#).

If a student was in grades 7 and above during SY 2020 and not in cohort years 2020, 2019 or 2018:

- The school can reconcile any incorrect exit codes within the Dropout Report in the Wave.
- Changing an exit code during the Wave’s Dropout Report to one highlighted in the table below will result in districts needing to later provide appropriate documentation during a later data review window in Accountability Reporting.
 - If a student’s exit code is updated to indicate the student transferred, emigrated, or passed away and no further enrollment was found in an Oklahoma public school, your school may need to provide OSDE with appropriate documentation during a later graduation data review window (i.e., to support removal from a school’s adjusted cohort graduation rate). The OSDE is not accepting such documentation at this time.
 - Please also note that Oklahoma [statute](#) requires schools to maintain educational records for a minimum of five (5) years after a student exits.

Exit Code	SIF Description
1907	Student is in a different public school in the same local education agency
1908	Transferred to a public school in a different local education agency in the same state
1909	Transferred to a public school in a different state
1910	Transferred to a private, non-religiously affiliated school in the same local education agency
1911	Transferred to a private, non-religiously affiliated school in a different local education agency in the same state
1912	Transferred to a private, non-religiously affiliated school in a different state

1913	Transferred to a private, religiously- affiliated school in the same local education agency
1914	Transferred to a private, religiously- affiliated school in a different local education agency in the same state
1915	Transferred to a private, religiously- affiliated school in a different state
1916	Transferred to a school outside of the country
1919	Transferred to a charter school
1923	Died or is permanently incapacitated
3503	Enrolled in a foreign exchange program, eligible to return
3508	Student is in a charter school managed by the same local education agency

Confirming, Releasing, and Certifying the Report

After verifying that all information is correct for a site, the site principal will confirm the report. Once all site(s) within a district is confirmed, the Superintendent can certify. By certifying the Dropout Report the Superintendent is verifying that all information for their district is accurate. This information will be used for state and federal reporting.

Once a site is marked as confirmed by the principal, the data will no longer update daily. It will remain exactly as it appeared at the time of confirmation. If data corrections are necessary after a site was confirmed the district superintendent can press the “release” button.

If released, the report will return to the current state of data contained inside of the Wave as of the time of the last refresh. [Click here for the request schedule for current year data](#). The Wave and your student information system (SIS) should mirror each other.

[Contact the office of Data & Information Systems](#) if the district superintendent has certified the report but changes are necessary. Once an OSDE Data & Information Systems staff member decertifies the report, each site(s) status will return to “Confirmed” status.

Reporting Reminders

1. Check and correct the [STN System](#), [Data Validation Wizard](#), and [District Ownership Wizard](#). While reviewing the Data Validation Wizard, be sure to clear the “Student Demographics” and “Student School Enrollment” sections as these may cause issues with reporting.
2. Students with the following Exit Codes will be considered a dropout unless a subsequent enrollment is found, review the list of codes in [Table 1](#)

If you expected one of your students to transfer to another district but the student never ended up enrolling at that district or any other Oklahoma Public school district, even if records were sent in preparation for the transfer, if the subsequent school never enrolled the student, or the student enrolled after the cutoff window for reporting, the student will remain the responsibility of your district.

If you have investigated the student's whereabouts and can confirm that the student has enrolled at another district or you believe the student did enroll elsewhere but need assistance, contact StudentDataInfo@sde.ok.gov for further investigation.

Table 1 – Exit Codes

Code	Base (SIF) Description	OSDE Definition	Is Considered a Dropout	Action in Dropout Report
1907	Student enters a different public school in the same local education agency	Student is changing sites in the same district. Note: If the student is changing sites from a regular site to a charter school site in the same district, utilize code 3508.	No*	Will not be considered a dropout if a subsequent enrollment is found by cutoff date.
1908	Transferred to a public school in a different local education agency in the same state	Student is exiting the district, going to another public school district in Oklahoma.	No*	Will not be considered a dropout if a subsequent enrollment is found by cutoff date.

1916	Transferred to a school outside of the country	Student is exiting the district, going to a school in a different country. This exit code is used for Foreign Exchange students who are returning to their home country.	No	Will not be considered a dropout.

1917	Transferred to an institution	<p>Student is exiting the district, going to an institution.</p> <p>Note: This code is used if the student is going to an institution and will no longer be counted on the membership of any public school district.</p> <p>If the student will still be counted on the membership of a public school district, a different code is used. This code should only be utilized if the institution the student is transferring to CANNOT offer a state certified diploma. If a diploma can be achieved by the student while attending this institution, a different exit code should be used.</p>	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
1918	Transferred to home schooling	<p>Student is exiting the district, going to be home schooled.</p>	No	Will not be considered a dropout.
1919	Transferred to a charter school	<p>Student is exiting the district, going to be attending a charter school in a different district.</p> <p>Note: If the student will be attending a charter school in the same district, utilize code 3508.</p>	No*	Will not be considered a dropout if a subsequent enrollment is found by cutoff date.

1921	Graduated with regular, advanced, International Baccalaureate, or other type of diploma (Oklahoma currently offers a regular diploma only)	Student is exiting the district. The student has graduated or received a diploma and is no longer going to be counted on membership or attendance. Note: An Exit Type Other Code is expected with this code to indicate the number of years it took the student to graduate.	No	Will not be considered a dropout.
1922	Completed school with other credentials	The student has completed high school, but NOT by obtaining a diploma.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.

1923	Died or is permanently incapacitated	The student has died or is permanently incapacitated. Note: There should be an additional Exit Type Other Code associated with this determining whether the reason is "Died" or is "Permanently Incapacitated."	No	Will not be considered a dropout.
1924	Withdrawn due to illness	Student is exiting the district. The student has withdrawn due to illness and is no longer being counted on membership or attendance.	Yes	Will not be considered a dropout.
1926	Reached maximum age for services	Student is exiting the district. The student has reached the maximum age for services.	No	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
1927	Discontinued schooling	Student is exiting the district. The student is a drop out as defined by Oklahoma State Law.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.

1928	Completed grade 12, but did not meet all graduation requirements	Student is exiting the district. The student has left school having completed grade 12 but does not meet all of the requirements necessary to receive a diploma and graduate.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
1930	Enrolled in a postsecondary early admission program, eligible to return	Student is exiting the district. The student is enrolled in a postsecondary early admission program, but is not receiving services from the district.	Yes	Will not be considered a dropout.

1931	Not enrolled, unknown status	<p>Student is exiting the district. The student is not presently enrolled and the reason for the exit is not yet known. This code will commonly be used only for a short period of time. A student may have exited and the district is not yet aware of the reason. A request for records may not have been received.</p> <p>After the district is made aware of the reason for the exit, the exit code must be changed to reflect an accurate description of the reason for exit.</p> <p><i>Note: This is not a valid code for the end of the school year.</i></p>	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
3500	Enrolled in an adult education or training program	Student is exiting the district. The student has left the district and is now enrolled in an adult education or training program Student is working toward a state approved GED program.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.

3501	Completed a state-recognized vocational education program	The student is exiting the district by completing a state-recognized vocational education program.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
3502	Not enrolled, eligible to return	The student is exiting the district, but is eligible to return. This code may be used temporarily but does not reflect accurately the movement of the student. A student with this code will be flagged with a warning at the end of school requiring this exit code to be modified to reflect an accurate description of the reason for the exit.	Yes	Will be considered a dropout unless a subsequent enrollment is found by cutoff date.
3503	Enrolled in a foreign exchange program, eligible to return	The student is exiting the district to participate in a foreign exchange program. Note: These are American students exiting the country for a foreign exchange program.	No	Will not be considered a dropout.

Review Screen

The Review screen will not be added to the School Year 2020-2021 version of the Dropout Report. It will be visible during School Year 2021-2022.

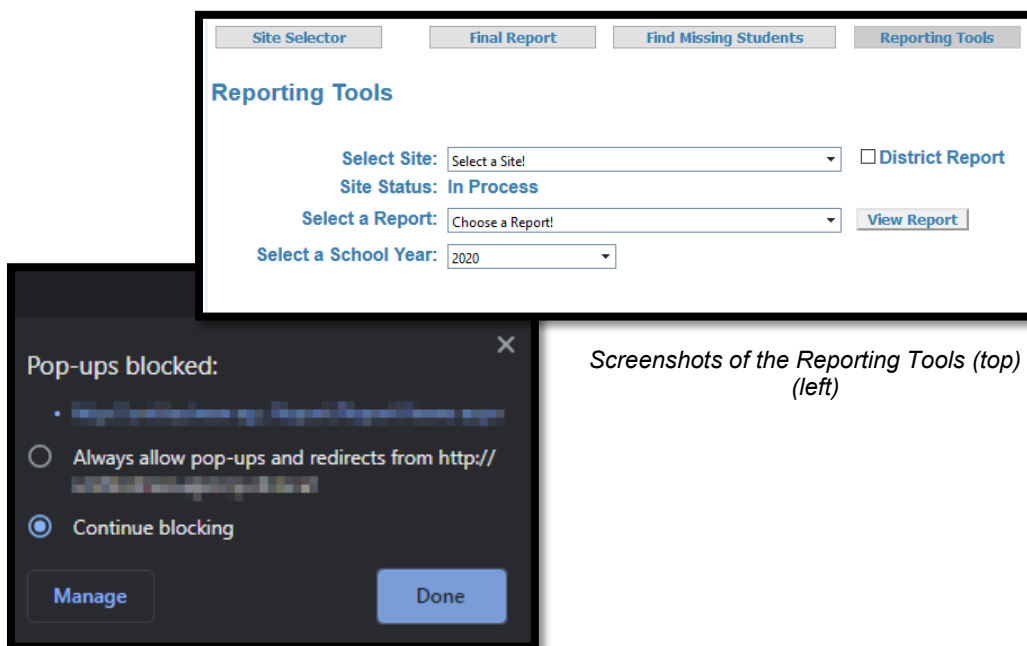

This section will list any student that would be considered to be a dropout as a result of an improper exit code OR due to a lack of exit information for current year records.

Dropout Reporting Tools

The “Reporting Tools” section contains reports that may help assist in the completion of this report. All reports can be viewed for multiple school years and by default, the “Select a School Year” year will be the current school year. Each report is viewable by default by site but can be viewed by district if the “District Report” button is checked. This option may not work depending on your SSO account access. If you

All reporting tool reports can be downloaded via XML, CSV, PDF, MHTML, Excel, TIFF, or Word. If you are having trouble downloading a report, make sure that pop-ups are allowed. Depending on the web browser used, the placement of the screenshot below may differ.

Screenshots of the Reporting Tools (top) and pop-up blocker (left)

The following are the reports currently available:

1. ***Dropout Race/Ethnicity Report*** - Counts of dropouts by grade level and one of the 7 race/ethnicity options. (Hispanic Latino, American Indian, Asian, Black, Pacific Islander, White, or two or more races)
2. ***Dropout Re-Entries Report*** - List of students that have re-entered and are not considered a dropout. This will list where the student has re-entered.
3. ***Dropout Report*** - The "Final Report" of students found to be a dropout.
4. ***Dropouts by Demographic*** - Counts of students in specific program areas.
5. ***Reentry Code Counts*** - Counts of reentries aggregated by the reentry code.

Tips on Navigating the Dropout Report

Sort students by...

The data grid can be filtered based on criteria you will enter into the text box below the column header. Next to the text box, a cone-like icon will bring up a list of filter options. Once the filter criteria has been entered, you will then pick the filter option.

The filter features available above

You are also able to sort the report by selecting the column title. This will sort the report alphabetically based on the column header you selected.

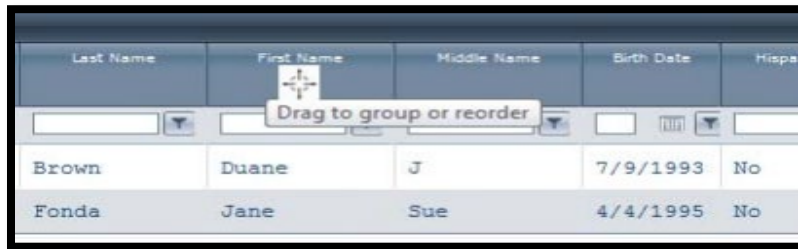

The sort features available above

[Back to Top of Dropout Report Guide](#)

Change Report View

The data grid can be re-organized by clicking and dragging the column to the space you would like it to appear. To move the column, hover over the column header until the crosshairs appear.

Economic Disadvantage	Yes or No, if the student meets the State criteria for classification as having an economic disadvantage. This value is set by the SIS, if issues appear related to the local Id, contact your SIS vendor support.
Migrant	Yes or no, if this is a migrant student. This value is set by the SIS, if issues appear related to the local Id, contact your SIS vendor support.

Homeless	Yes or no, if this is a homeless student. This value is set by the SIS, if issues appear related to the local Id, contact your SIS vendor support.
Homeless McKinney Vento	Yes or no, if this student was served by McKinney Vento sub grants during this current school year. This value is set by the SIS, if issues appear related to the local Id, contact your SIS vendor support.
Entry Date	The entry date the enrollment record pertains to. This value is set by the SIS, if issues appear related to the entry, contact your SIS vendor support if it relates to a current year record . If it does not pertain to a current year record, contact StudentDataInfo@sde.ok.gov or utilize on screen data entry.
Exit Date	The exit date the enrollment record pertains to. This value is set by the SIS, if issues appear related to the exit date, contact your SIS vendor support if it relates to a current year record . If it does not pertain to a current year record, contact StudentDataInfo@sde.ok.gov or utilize on screen data entry.
Exit Reason	The exit reason for the enrollment. This value is set by the SIS, if issues appear related to the exit reason, contact your SIS vendor support if it relates to a current year record . If it does not pertain to a current year record, contact StudentDataInfo@sde.ok.gov or utilize on screen data entry.

Dropout Report FAQs

If our district has a records request from another Oklahoma public school but the student is still showing as a dropout, what should I do?

Contact the Data & Information Systems StudentDataInfo@sde.ok.gov. A staff member will look up the student based on information received. From there you will be alerted if the student will continue to be listed as a dropout for your district or not.

I submitted documentation through Accountability, when will it show on the Wave report?

Depending on when the information was entered, and if it has been approved by the Accountability office, the information will reflect on the report within 24 hours.

I submitted a DVR through Accountability, why can't I edit the same student's information in the Wave?

It is not expected that edits are made twice between OSDE divisions. If an edit is made in Accountability Reporting, you will not be able to edit the same students' information in the Wave for the same enrollment record.

I used the On-Screen Data Entry feature on the Wave, will I need to create a DVR?

[See data syncing between Accountability and the Wave for more details.](#)

What happens if I don't request changes through Accountability Reporting or the Wave?

The student will remain a dropout and no further action is needed.
