RE: Late Claim from 621 Flowthrough

OSDE Board of Education,

Please accept our request to make a late claim from 621 Flowthrough. We failed to claim the April, May, and June payroll expenses for our special education teacher. The district was experiencing physical plant emergencies which distracted and disrupted operations. We have now incorporated procedural checks to alert us to making timely claims.

Thank you for your assistance and for your support of our students.

Sincerely,

Jeremy Brashears, Superintendent

To the State Board of Education:

I am writing this letter to address the late submission of a 621 claim. The submission was not uploaded in a timely manner. I am requesting that this claim be approved for our school district. I have investigated the matter as to why it was not submitted on time. The federal programs position for Cordell Public Schools was vacant for a short period of time this July. The submission was overlooked, and we thought we had already closed out and submitted for the year. However, upon further inspection we discovered this one claim was not filed and uploaded to the GMS program. There are two positions that do handle our claims and both positions were recently filled this summer, our Federal Programs Coordinator as well as our Treasurer. In speaking with those individuals responsible for the management as well as myself, we, Cordell Public Schools have put in place protocols and procedures to ensure this will not happen again. Thank you for your understanding in this matter and for approving our claim.

Superintendent
