Non-District Applicant Verification of School Collaboration

USDE 21st CCLC guidance contains several provisions outlining the importance of school and community collaboration. The grant application requires each applicant to provide a detailed description as to how the 21st CCLC program was developed and how it will be carried out in active collaboration between the school(s) and non-district applicant(s). We recommend a Memorandum of Understanding (MOU) between the organizations be established.

This document is to be signed and included with all non-district applications as evidence of new and/or ongoing collaboration with any school site to be served in the grant application. **A copy of this form must be submitted for each school site to be served.**

Non-District Applicant Name: _____

Name of School to be Served: _____

Name of School District: _____

It is my understanding that the above-named applicant will serve the students who attend my school with comprehensive out-of-school time services. A representative of the school will work with this program to ensure coordination and collaboration of services to these students and their families. In addition, I certify that my school meets the eligibility requirements specified in the grant application and **will provide data to the above applicant for the purposes of the local and state evaluations.**
