**Best Practice**

Interning at local hospital in various areas in order to explore various jobs to ascertain what area is the best fit for the student.

**Purpose**

To prepare this student for various positions that are available in a medical/hospital setting including medical/family doctor, MRI tech, lab tech, X-ray and orthopedic doctor

**Grade Level(s)**

High School Senior

**Expected Results**

To aid the student in the exploration of the medical field in order to narrow his selection and prepare him for his future choice of career.

**Evidence of Success**

The student eliminated several areas in the medical field that he had decided not to pursue and is quickly seeing what areas truly appeal to him as a future career.

**Training**

Several days of soft skills training and FERPA, etc.

**Staff Needed**

Superintendent and counselors to meet with students and to make arrangements with businesses such as the hospital.

**Resources Needed**

Student ICAP Notebook with attendance sheets, contract, etc. Students needed nice casual attire and scrubs on certain days.
