

Educator Effectiveness Theory of Action

Educators and researchers agree that **Teacher Effectiveness** is the single most important school-based factor in student academic achievement.

Do you believe...?

Every child deserves to have an effective teacher every year. YES

Every teacher deserves to have a team of effective leaders throughout his/her career. YES

Effectiveness can be developed. YES

Educator growth is best achieved through deliberate practice on specific knowledge and skills. YES

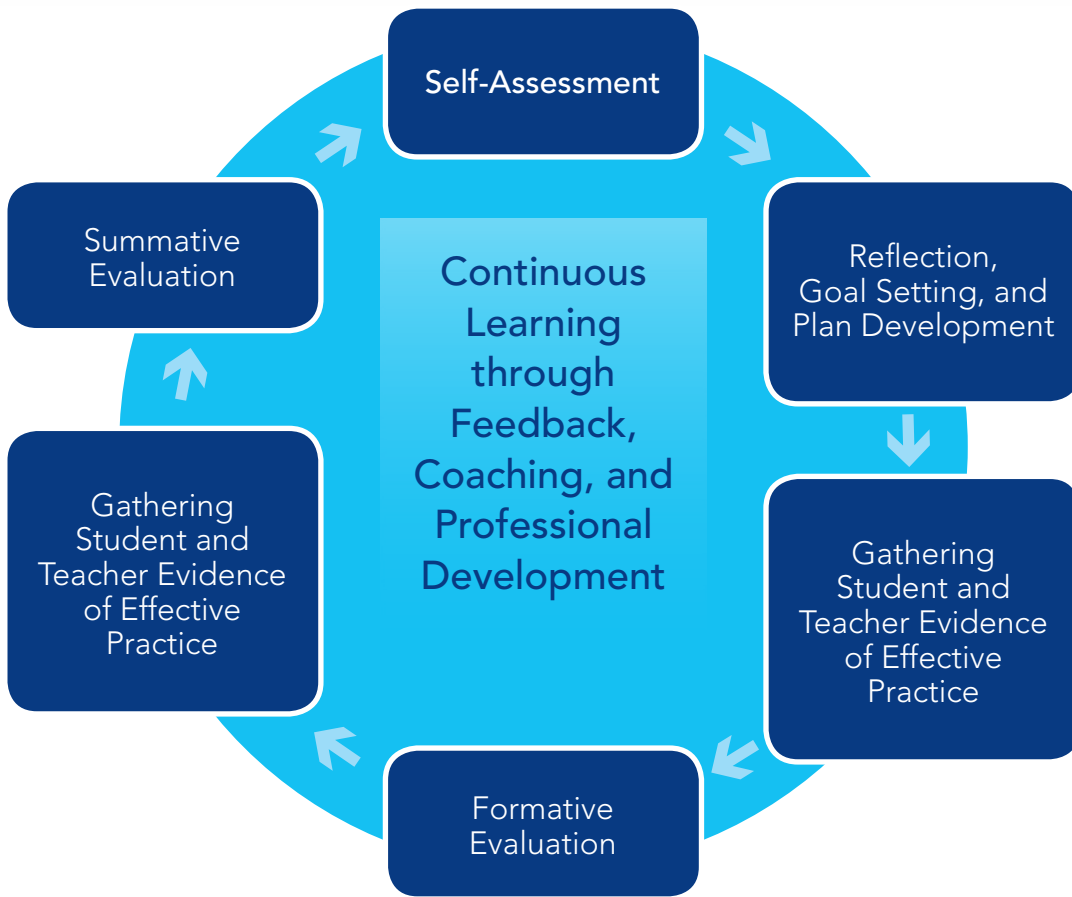

We do, too!

This is why the Oklahoma State Department of Education will provide leadership for **Educator Effectiveness** by:

- Developing a system to assess educator strengths and weaknesses;
- Providing access to high-quality professional development; and
- Guiding districts through a framework of offering individualized professional learning opportunities (including – but not limited to – best practices videos, peer collaboration, coaching, hands-on workshops, and professional reading); and
- Seeking ongoing feedback to improve the system and professional development opportunities provided.
