

How to Scan Documents With iOS

1) Open the Notes app and tap the icon to create a new note.

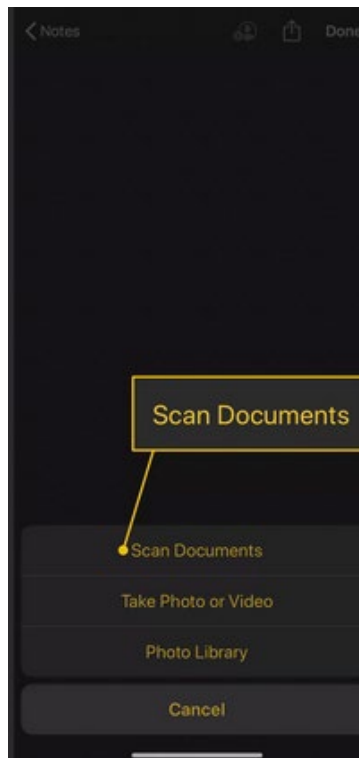

2) Tap the camera icon above the keyboard

3) Select Scan documents

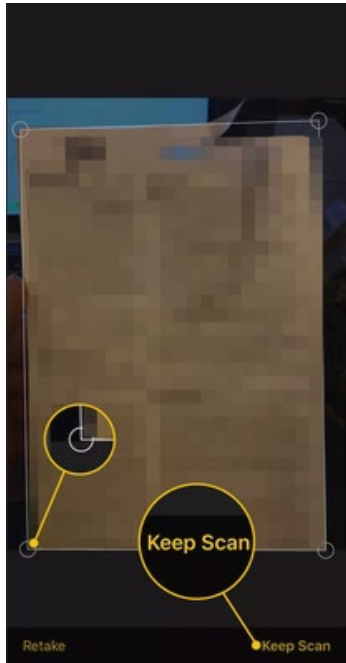

4) Position the phone camera over the document. Notes automatically and captures an image, or you do it manually by tapping the shutter button

5) After you scan a page, Drag the “handles” to crop the scan. Tap Keep Scan to continue. You can also tap Retake to scan the document again

6) Repeat this process for all the pages you want to scan. When you're finished, press. Save!
