APPROVED SUBSTITUTIONS FOR OSTP ELA SCORE REQUIREMENT FOR THIRD GRADERS

PLEASE NOTE: Reading subtest scores from the tests listed herein are to be used to make reclassification and exit decisions **only for third graders, who were not in an OSTP-tested grade in the same test year as they scored within the ELP band of ACCESS for ELLs 2.0**. The Reading subtest portion of one of the tests listed below *must* be used in place of the OSTP ELA requirement of the ACCESS for ELLs 2.0 ELP Band Rubric. Scores must be from either the same semester in which the student tested in the ELP band on ACCESS, or from the same semester in which the exit decision is being made.

***If a student is in third grade and has scored within the ELP band on ACCESS, the district *must* substitute one of the following for the #2 required element of the ACCESS for ELLs 2.0 Rubric, which is an OSTP ELA score of *Basic* or above:**

- Reading subtest scores <35th percentile on any of the assessments listed on the *Approved List for Norm-Referenced Tests (NRT) ELP Band Decisions* document on [OSDE's ELPA page](#),
- OR
- Reading subtest scores <35th percentile on any of the assessments listed on the current school year's RSA Approved Assessment list on [OSDE's RSA page](#).
