Welcome to Autism Links

Traci Sutton, M.S., CCC-SLP

What does the future look like for individuals with an Autism Spectrum Disorder (ASD)? This issue will offer insight into what skills might be needed to help your students prepare beyond the school years. Regardless of age or developmental level, it is important when planning to think about skills necessary for the future and to teach them as early as possible.

Visit the Autism Internet Modules website to increase your knowledge about ASD based on various module topics.
