

## **Anti-Bullying Pledge – Community Members**

We, the patrons of \_\_\_\_\_, agree to join together to prevent bullying. We will not accept bullying in our schools or community. We believe that everybody should enjoy our community equally and feel safe, secure, and accepted regardless of differences.

By signing this pledge, we agree to:

- Keep ourselves and our families informed and aware of school bullying policies and state laws regarding bullying and harassment.
- Model good character and citizenship to each other in our community.
- Work in partnership with schools and organizations to encourage positive behavior, valuing differences, and promoting sensitivity to others.
- Report incidents to school staff if any bullying or harassment has occurred in or around school grounds or at school activities.
- Be part of the solution.
