

Welcome to SoonerStart Early Intervention...

Our promise to you...

As we welcome you to SoonerStart Early Intervention we strive to make this a meaningful and positive experience for you, your child, and your family. We would like to introduce early intervention services to you by explaining that SoonerStart emphasizes the following principles...

- SoonerStart strives to maximize interventions to children.
- More intervention does not come from more services.
- All the intervention that your child receives will come from you between your early intervention visits.
- Our job as the professional is to support you as the parent/caregiver for your child.

To show this we make the following promise to you:

- We will inform you.
- We will teach you how to teach and do other things with your child.
- We will teach you about your child's disability.
- We will teach you about child development.
- We will give you access to materials you will need.
- We will get equipment (including assistive technology) you may need to enhance your child's development.
- We will make sure you have access to financial resources that you may be entitled to are available.
- We will support you emotionally.
- We will be positive with and about you.
- We will be responsive to you.
- We will pay attention to your whole family, especially the primary caregiver.
- We will be friendly to you.
- We will be sensitive to you.
