STATE DEPARTMENT OF EDUCATION

210:1-3-2. Annexation, consolidation, and dispensation

1. Write a brief summary of the rule(s) in simple language.
The proposed rule, which was passed by emergency in August 2011, interprets the severance determination provisions of the Oklahoma School Consolidation and Annexation Act, 70 O.S. §7-203. The rule creates a procedure for the determination of severance to be paid to teachers who lost their employment due to annexation, consolidation, and dispensation by establishing a criteria for reviewing and approving applications for severance by the OSBE.

2. Explain proposed changes as briefly as possible.
Prior to emergency adoption of the severance rules in August 2011, there was no procedure or criteria for the OSBE to review and award severance as authorized by statute. The proposed rule addition is needed to provide a true application process and to create a standard method and procedure for determining severance. The proposed rules will greatly assist the Board in fulfilling its statutory duty to manage the School Consolidation Fund and make appropriate severance awards under the law.

3. What are the circumstances which created the need for the rule(s)?
Prior to the emergency adoption of the severance application rule, the OSBE lacked a procedure or process for awarding severance which caused difficulty in determining appropriate severance awards.

4. Include reference to any statute that the rule change interprets, any related statute or any related rule, and include a description of the classes of persons who most likely will be affected by the rule(s).
The class of persons affected include: local districts affected by annexation or consolidation, school district employees dismissed due to annexation or consolidation, the State Department of Education, the State Board, the State Board of Education.

5. What is the intended effect of the rule(s)?
The effect is to provide clarification for the implementation of the severance application and determination process provided by statute that meets due process requirements, and to provide a standard method and procedure for the State Board of Education to rely upon when determining and calculating severance.

6. What is the statute or other legal instrument, which authorizes the Board to promulgate rules for this area of control, and/or the statute or other legal instrument, which authorized the rule change?
The Oklahoma School Consolidation and Annexation Act, 70 O.S. §7-203(B) authorizes the creation of a rule regarding the budgeting and expenditure of the School Consolidation Assistance Fund.

7. Does the proposed change incorporate a set of rules from a body outside the state, such as a national code? If so, list from what body and provide legal name of the set of rules, as recognized by that state.
The proposed change does not incorporate a set of rules from a body outside the state. This rule is to comply with state law.
SUBCHAPTER 3. DEPARTMENTAL PRECEPTS

210:1-3-2. Annexation, consolidation, and dispensation, and severance determination
(a) State Board of Education role. The State Board of Education's role is: to receive and implement an order from the State Superintendent which declares that all or part of a district has been voted to be annexed, following statutory requirements, to adjacent or transporting district(s); to decide on the division of assets and property of a disorganized district in the event the problem cannot be resolved by the boards of annexing districts; and to set standards, promulgate rules and procedures, and conduct studies relating to the consolidation of two or more adjacent school districts. [70:7-105 & 106]
(b) Mandatory annexation.
   (1) Mandatory annexation will be considered by the State Board of Education upon occurrence of the following situations:
      (A) When a school district has been declared "academically at-risk" pursuant to 70 O.S. 1989, §1210.541.
      (B) When a school district is nonaccredited by the State Board of Education.
      (C) When a district, without officially dispensing with school, fails to open or maintain a school (except when situations beyond the control of the district cause a normal delay). [Title 70 O.S. § 8-106].
   (2) When it comes to the attention of the State Board of Education that a local school district is facing the possibility of mandatory annexation, the State Board of Education shall provide the district with an opportunity to be heard. The State Board of Education shall notify the superintendent and each school board member of the time, date and place of the meeting. At the meeting, representatives of the school district, including patrons, shall have an opportunity to address the State Board of Education and to provide information to the Board. The President of the State Board of Education may set time limits on individual presentations and may require groups to select a representative to speak on behalf of the group.
   (3) When the State Board of education determines that a local school district is to be mandatorily annexed, the following steps will be followed:
      (A) The Board will notify one or more of the potential receiving districts that they are responsible for taking an inventory of property and securing the buildings and other property of the district being mandatorily annexed. In selecting the district(s) responsible for this procedure, the State Board of Education may rely on recommendations from the State Superintendent.
      (B) The State Board of Education will immediately notify the district superintendent of the Board's action.
      (C) The state superintendent shall notify the parents or legal guardians of all students in the district being annexed that they must apply for a transfer to the state superintendent within 10 days of the State Board of Education's action to annex. The state superintendent may require the parents to furnish a legal description of their residence at the time the transfer request is made.
      (D) Once the state superintendent has received the transfer requests, she/he shall notify the State Department of Education, in writing, of the breakdown of where students are asking to attend school by transfer and provide the State Department of Education with the legal description of the residence of each student.
(E) The State Department of Education will utilize the transfer requests and legal
descriptions submitted to the state superintendent as a guide in plotting the proposed
boundary lines for dividing the annexed district. To the maximum extent possible, the
preference of the students and parents shall be acknowledged.
(F) The State Department of Education will present the proposed boundary lines for
division of the annexed district to the State Board of Education for approval. The
proposal shall be accompanied by the legal description of the property being annexed.
(G) The assets and liabilities of the annexed district shall become part of the annexing
districts. When an annexing district assumes a debt incurred by the annexed district prior
to July 1, the district assuming the debt should receive a comparable portion of the assets.
(H) When two or more annexing districts are involved in the division of an annexed
district, the assets and liabilities are divided by agreement between the boards of
education. If the boards of education are unable to agree, the matter shall be divided by
the State Board of Education.

(c) Consolidation of school districts.
(1) A petition by the board of education of any school district desiring a study of the
consolidation of such school district with another school district or districts, or proposing
such consolidation, shall be signed by the president and clerk of such board of education, and
such petition shall be considered by the State Board of Education at its next regular meeting.
If a study of the proposed consolidation is deemed proper and advisable, the Secretary of the
State Board of Education shall forthwith advise the boards of education of all districts
involved that a study of the proposed consolidation is going to be made.
(2) The State Board of Education reserves the right to make a study of the advisability of
consolidating two or more school districts in any area of the State, on its own initiative, and
without any petition from a board of education. When such decision is made, each school
district involved shall forthwith be advised that such study is going to be made, and such
districts shall be directed to determine, by such procedures as the State Board of Education
may prescribe what, if any, consolidation should be carried on in the area under study.
(3) All studies of the advisability of consolidation shall be under the direction of the
President of the State Board of Education, who shall utilize the services of appropriate
divisions of the State Department of Education.
(4) If after a study of the population, wealth, terrain, trade areas and other pertinent factors,
it is determined that two or more school districts should be consolidated, the board of
education of each school district involved shall be so advised.
(5) No election to determine consolidation shall be called or held unless there shall have
been filed with the State Board of Education a petition therefore, signed by a majority of the
school district electors of each school district included in the proposed consolidation. When
such a petition is received and is determined to be sufficient, the State Board of Education
shall call an election for the purpose of affording to the school district electors in the school
districts involved an opportunity to express their wishes through a majority vote of the school
district electors in the entire territory involved. Notice of such election, stating the time and
date thereof and the polling places, shall be posted in five (5) public places in each school
district involved, not less than ten (10) days before date of such election. Such election shall
be conducted by one or more members of the State Department of Education, as designated
by the President of the State Board of Education.
(6) If a majority vote at such election is in favor of consolidation, the State Board of Education shall issue a written order to such effect, declaring the participating school districts dissolved and the new school district established. Copies of such order shall be sent to the county treasurer, county assessor and the county clerk of each county in which the districts involved are situated, and to the Oklahoma Tax Commission, and to the board of education of each school district involved. If a majority vote at such election is not in favor of consolidation, the State Board of Education shall make a written order to such effect, and shall send a copy thereof to the board of education of each school district involved.

(7) The local board of education members representing the school district having the largest number of enumerated children shall serve as board members of the newly-formed school district for the remainder of their term.

(8) All liabilities, assets, powers and duties shall become the responsibility of the newly-formed school district.

(d) Dispensing with a school district.

(1) Should residents of a district desire to dispense with all or part of this school district, it is the duty of the State Superintendent to notify the State Board of Education of a majority vote of eligible electors at an annual or special election or by a petition signed by sixty (60) percent of eligible school district electors to dispense with either grades 1 thru 8 or grades 9 thru 12, or both, and such procedure shall be accomplished prior to June 30. Subsequently, parents of such children in the dispensed grades should file an application transfer for the ensuing year with the State Superintendent. Any district which dispenses with its entire school district for the ensuing year shall be mandatorily annexed on July 1 by the State Board of Education to an adjacent school district(s) to which pupils have been transferred.

(2) Provided that if a school district does not officially dispense with its school following the preceding procedure and fails to open and maintain a school during such ensuing year, the State Board of Education, except as otherwise provided, shall at its next regular meeting annex such district, as provided by law. [70-8-106]

(e) Guidelines and forms. Copies of corresponding State Department of Education forms and guidelines for the implementation of annexations/consolidations are available from the consolidation officer of the State Department of Education. Severance determination. Pursuant to 70 O.S. §7-203(B), the State Board of Education may promulgate rules regarding its authority in the form of severance for school district employees, which are dismissed due to annexation or consolidation under 70 O.S. §7-203(B)(1)(c). The procedure for employees to make a severance application and receive a severance determination is as follows:

(1) To qualify for severance, district employees (teachers, administrators, and support personnel) must first seek severance allowance from the annexing or consolidating district(s) prior to making application to the State Department of Education.

(A) Any annexing or consolidating school district(s) that receive School Consolidation Funds must accept and consider all requests for severance made by district employees who were dismissed due to annexation or consolidation, but not subsequently employed by the consolidating or annexing district(s).

(B) The annexing or consolidating district(s) may elect to award qualifying employees a severance in an amount up to and not to exceed eighty percent (80%) of the individual's salary or wages, exclusive of fringe benefits.
(C) Severance allowance from the annexing or consolidating district(s) is permissive in any amount from 0% to 80% of the individual's salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation.

(D) For the purposes of calculation, the district(s) shall include only the salary or wages actually paid to the employee for the school year preceding the consolidation or annexation.

(E) Applications for severance shall be considered on an individual case by case basis.

(F) Each district shall promulgate their own rules and procedures for accepting, reviewing, and awarding severance. The criteria used for awarding severance must be measurable, objective, non-discriminatory, and uniformly applied.

(2) If the annexing or consolidating district makes an award of employment assistance in the form of severance, the district employee will not be eligible to make application to the State Department of Education for severance allowance unless the employee has also been denied unemployment compensation.

(3) Unemployment benefits received by any district employee dismissed due to annexation or consolidation may be counted as a form of employment benefit under 70 O.S. §7-203(B)(1)(c). Unemployment compensation may be considered as part of the total employment assistance received and may be taken into account or offset when severance allowance determinations are made.

(4) If a district employee is not employed by the annexing or consolidating district(s) and is subsequently denied severance or unemployment compensation by the annexing or consolidating district(s), pursuant to 70 O.S. §7-203(B)(1)(c), the district employee will be eligible to make an application for severance to the State Board of Education. Qualifying applicants shall receive a severance allowance from the State Board of Education pursuant to the following procedure:

(A) Severance allowance from the State Board of Education shall be in an amount up to and not to exceed eighty percent (80%) of the individual’s salary or wages, exclusive of fringe benefits. An award of a severance allowance by the State Board of Education will be made only if: (i) the applicant was not employed by the consolidating or annexing district and (ii) severance or unemployment compensation was denied at the district level.

(B) Severance allowance from the State Department of Education can be in any amount from 0% to 80% of the individual’s salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation.

(C) For the purposes of calculation, the State Department of Education shall include only the salary or wages actually paid to the employee by the district for the school year preceding the consolidation or annexation.

(D) Only timely applications for severance received by the State Department of Education, Finance Division, will be considered. All applications for severance to the State Department of Education must be received no later than September 1 of the fiscal year immediately following the fiscal year in which the annexation or consolidation occurred. The application for employment assistance in the form of severance can be found on the SDE website, www.sde.ok.gov, or by contacting the State Department of Education, Finance Division.

(5) Severance allowance by the State Department of Education can be denied only for good cause with supporting documentation of the following:
(A) The applicant was hired by the consolidating or annexing district(s), regardless of the number of hours, part time or full time status, or rate of pay.
(B) The applicant was dismissed or non-reemployed by the local school district board for reasons other than consolidation or annexation (i.e. reduction in force or inability to pay due to financial exigency).
(C) The applicant received severance from the consolidating or annexing district(s) and in addition to unemployment compensation.

(6) Severance allowance by the State Department of Education can be reduced or adjusted below eighty (80%) percent of the applicant's salary or wages, excluding fringe benefits, for good cause with supporting documentation. Good cause to reduce or adjust severance can include, but is not limited to, consideration of the following:
(A) The annexation or consolidation was mandatory rather than voluntary.
(B) The applicant's length of service to the district.
(C) The applicant's service record, job performance, or conduct warrants consideration of a reduction or adjustment in severance. The application of this criteria must be supported by verifiable documentation and evidence that is made available for the Board's review.
(D) The applicant was hired by the local school board after the annexation or consolidation election results are called by the State Superintendent of Public Instruction.
(E) The applicant was hired by the local school board after the State Board of Education voted to non-accredit the district.
(F) The applicant failed to apply for or make an attempt to gain employment with the consolidating or annexing district(s).
(G) The applicant failed to apply for or attempt to obtain a severance allowance from the consolidating or annexing district(s).
(H) The applicant received unemployment compensation. The amount of unemployment compensation received can be considered an offset when determining severance.

(7) Severance Determinations. Upon receiving the application for severance the State Department of Education, Finance Division staff shall review the applications for severance and make a written recommendation to the State Board of Education regarding each severance application. Each severance application will be considered on an individual case by case basis and a recommendation for severance allowance or denial will be made by the SDE staff to the State Board of Education in writing during a regularly scheduled Board of Education meeting.
(A) The applicant will be notified of the SDE staff recommendation and will be given written notice of the time, place, and date of the regularly scheduled State Board of Education meeting that the Board will consider and voting upon the SDE staff recommendation for severance.
(B) The State Board of Education will vote on all SDE staff recommendations for severance in open meeting. All votes of the State Board of Education approving or denying a severance application will be considered a final order of the Board.

(8) The applicant will be notified in writing of the State Board of Education's final determination regarding severance allowance. The applicant will have ten (10) days from the date the notification of severance determination is received within which time to file a petition for appeal or reconsideration of the Board's determination.
(9) Any petition, reconsideration, or hearing on the Board's final order regarding severance shall be made pursuant to, and governed by, the Due Process Procedures of the State Board of Education as outlined in 210:1-5-1 of the Oklahoma Administrative Code.

(f) Guidelines and forms. Copies of corresponding State Department of Education forms and guidelines for the implementation of annexations/consolidation and severance are available from the consolidation officer of the State Department of Education.
Sections 7-201 through 7-206 of this title shall be known and may be cited as the "Oklahoma School Consolidation and Annexation Act".

**Historical Data**

The provisions of the Oklahoma School Consolidation and Annexation Act shall apply only to school districts whose entire territory has been annexed to one or more existing school districts or which have been created by the consolidation of two or more existing school districts in accordance with the provisions of Section 7-101 et seq. of this title or to school districts which have entered into a mutual contract with a superintendent as authorized pursuant to Section 5-106A of this title.

**Historical Data**

A. There is hereby created in the State Treasury a fund to be designated the "School Consolidation Assistance Fund". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of any monies the Legislature may appropriate or transfer to the fund and any monies contributed for the fund from any other source, public or private.

B. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the State Board of Education for the purposes established by this section, the Legislature and in accordance with rules promulgated by the State Board of Education. The purposes shall be to provide:

1. Voluntarily or mandatorily consolidated school districts or districts who have received part or all of the territory and part or all of the students of a school district dissolved by voluntary or mandatory annexation, during the first year of consolidation or annexation with a single one-year allocation of funds needed for:

   a. purchase of uniform textbooks in cases where the several districts were not using the same textbooks prior to consolidation or annexation,

   b. employment of certified personnel required to teach courses of the district for which personnel from the districts consolidated or annexed are not certified and available,

   c. employment assistance for personnel of the several districts who are not employed by the consolidated or annexing district. Employment assistance may include provision of a severance allowance for administrators, teachers and support personnel not to exceed eighty percent (80%) of the individual's salary or wages, exclusive of fringe benefits, for the school year preceding the consolidation or annexation. Personnel receiving such severance pay may accumulate one (1) year of creditable service for retirement purposes. Employment assistance may also include the payment of unemployment compensation benefits. The State Board of Education shall provide a severance allowance to employees dismissed from employment due to annexation or consolidation of a school district in the year of the annexation or consolidation and who were denied a severance allowance or unemployment compensation benefits and the voluntary consolidation funding of the annexing or consolidating district or districts has been paid on or after July 1, 2003, at the maximum allowable amount. Application for a severance allowance shall be made to the Finance Division of the State Department of Education by the dismissed employee no later than September 1 of the fiscal year immediately following the fiscal year in which the annexation or consolidation occurred,

   d. furnishing and equipping classrooms and laboratories,

   e. purchase of additional transportation equipment, and

   f. when deemed essential by the school district board of education to achieve consolidation or combination by annexation, renovation of existing school buildings and construction or other acquisition of school buildings; and

2. Assistance to school districts which have entered into a mutual contract with a superintendent as authorized pursuant to Section 5-106A of this title in paying the salary or wages of the superintendent. The assistance shall equal not more than fifty percent (50%) of the salary or wages of the superintendent for not more than three (3) consecutive years. In no case shall the total amount of assistance paid over the three-year period be more than One Hundred Fifty Thousand Dollars ($150,000.00) nor shall any school district be eligible to receive assistance pursuant to this paragraph for more than one three-year time period.
C. The State Board of Education shall only make allocations from the fund to school districts formed from the combination of two or more of the districts whose boards of education notify the State Board of Education on or before June 30 of their intent to annex or consolidate and are subsequently combined by such means by January 1 of the second year following the notification of intent. The boards of education which have entered into a mutual contract with a superintendent shall notify the Board on or before June 30 of the year preceding the school year the mutual contract will become effective.

D. Allocations will be made to school districts formed by voluntary or mandatory consolidation on the basis of combined average daily membership (ADM) of the school year preceding the first year of operation of the school district resulting from the consolidation; provided, not more than two hundred (200) ADM of any one school district shall be counted in determining the combined ADM of any district formed by consolidation. The ADM of any one school district shall not be considered more than once for allocations from the fund when the school district consolidates with two or more school districts. Allocations from the fund pursuant to this subsection shall be calculated by multiplying the combined ADM by Two Thousand Five Hundred Dollars ($2,500.00).

E. Allocations will be made to school districts which have received part or all of the territory and students of a school district by voluntary or mandatory annexation on the basis of ADM of the annexed school district for the school year preceding the first year of operation of the school district resulting from the annexation; provided, not more than two hundred (200) ADM of the annexed district shall be counted. Allocations from the fund pursuant to this subsection shall be calculated by multiplying the allowable ADM by Five Thousand Dollars ($5,000.00). In no case shall allocations payable pursuant to this subsection be greater than One Million Dollars ($1,000,000.00).

F. If monies in the School Consolidation Assistance Fund are insufficient to make allocations to all qualified combined districts, allocations shall be made based upon the determination of the State Board of Education with preference given to school district consolidation and annexation.

**Historical Data**

Beginning July 1, 2006, and each year thereafter, the State Board of Education shall determine the number of districts that notified the Board of their intent to annex or consolidate by June 30 of the previous fiscal year. If the Board determines the number of qualified combined districts to be two or less, the Board is authorized to transfer up to one-half of the funds transferred to the School Consolidation Assistance Fund for that fiscal year for allocation to the Financial Support of Public Schools for distribution to school districts in the State Aid Formula, provided in Section 18-200.1 of Title 70 of the Oklahoma Statutes. The State Board of Education is further authorized to transfer up to one-half of the funds not allocated to school districts for annexation or consolidation for the fiscal year ending June 30, 2006, for allocation to the Financial Support of Public Schools.

Historical Data

Consolidated districts and districts combined by annexation which are created pursuant to the Oklahoma School Consolidation and Annexation Act and districts that have entered into a mutual contract with a superintendent shall have for three (3) subsequent consecutive years after consolidation, annexation or the effective date of the mutual contract preference for allocations from funds appropriated to the State Board of Education for Community Education, Alternative and High Challenge Schools, School/Community Network for Arts-in-Education, Instructional Cooperative and Technical Education, Advanced Placement Incentives, and for all other allocations made by the Board on a competitive basis.

**Historical Data**

When considering requests for exceptions to certification requirements from districts created by consolidation or annexation pursuant to the Oklahoma School Consolidation and Annexation Act for personnel reassigned because of the consolidation or annexation, the State Superintendent of Public Instruction and the State Board of Education shall exercise the greatest degree of latitude that can be regarded as consistent with acceptable professional practice. Highest priority for placement assistance services of the State Department of Education shall be afforded personnel for whom the consolidated or annexing district has no assignment required.

STATE DEPARTMENT OF EDUCATION
Title 210
Chapter 1
Subchapter 5-7 & 5-8

1. Write a brief summary of the rule(s) in simple language.
During the 2011 Legislative Session, HB 1380 passed and eliminated the trial de novo process for career teachers and requires OSBE to adopt a single due process hearing procedure that is applicable to all teachers. HB 1380 speeds up and simplifies the process for teacher termination and the bill requires the SBE to promulgate rules for the due process procedure.

In August of 2011, the OSBE revoked the trial de novo rule provisions which are located at 210:1-5-7 and amended the probationary and non-career teacher due process provisions contained at 210:1-5-8 to create one uniform due process procedure from the existing process outlined in OAC 210:1-5-8.

2. Explain proposed changes as briefly as possible.
OAC 210:1-5-7 was revoked by emergency. This was the trial de novo due process rule. The due process hearing procedure in 210:1-5-8 was modified to apply to all teachers. HB 1380 requires a single due process procedure for all teachers. The emergency changes adopted by the OSBE in August 2011 made minimal modification to the existing due process procedure for probationary and non-career teachers by making it applicable to all teachers.

3. Include a reference to any statute that the rule change interprets, any related statute or any related rule, and include a description of the classes of persons who most likely will be affected by the rule(s).
70 O.S. §6-101.3: amends definitions of "nonreemployment"; eliminates "probationary teacher hearing" and "career teacher hearing" and provides only one definition of "teacher hearing."

70 O.S. §6-101.26: eliminates distinction between a "probationary teacher hearing" and "career teacher hearing" by providing one definition of "teacher hearing."

70 O.S. §6-101.27 (repealed); trial de novo process for career teachers.

70 O.S. §6-101.29: removed all reference to trial de novo process and clarifies the suspension process.

6. What is the statute or other legal instrument, which authorizes the Board to promulgate rules for this area of control, and/or the statute or other legal instrument, which authorized the rule change?
70 O.S. § 3-104.

7. Does the proposed change incorporate a set of rules from a body outside the state, such as a national code? If so, list from what body and provide legal name of the set of rules, as recognized by that state.
No.
CHAPTER 1. STATE BOARD OF EDUCATION

SUBCHAPTER 5. DUE PROCESS

210:1-5-7. Teacher evaluation, dismissal, and nonreemployment
(a) Teacher Evaluation, Dismissal, and Nonreemployment Act.
   (1) The State Board of Education recognizes its regulatory and leadership role in the implementation of this statute and commits its cooperation accordingly. It believes that the most effective vehicle to promote professional growth is self-motivation. The teacher should be the prime recipient of the benefits of teacher evaluation thus identifying his/her own needs for improvement. The evaluation instrument serves as one objective measure by which administrators and boards of education can validly infer inadequate competencies of both teachers and administrators.
   (2) The State Board of Education believes that grievances between boards of education and teachers can best be settled in the locale and thus supports the principle of due process before the local school board. It further supports the right of appeal in the exercise of human rights.
(b) Duties. The law requires the State Board of Education to develop and adopt standards and procedures to be followed in due process hearings of local boards of education. Such standards are to follow the pattern of the Administrative Procedures Act [75-301-308.2].
(c) Written policy of evaluation. A teaching principal may conduct teacher evaluations if so designated by the local board of education.
(d) Minimum criteria for establishing evaluation systems. The written policy and procedures will facilitate the implementation of the Teacher Evaluation Law of 1977, as amended by House Bill No. 1466 (70-6-102.2). Written policy of evaluation for all teachers and administrators is to be based on minimum criteria developed by the State Board of Education and shall include both teaching and administrative criteria. Each board of education shall maintain and annually review the evaluation policy. Each district’s evaluation system should contain the following elements:
   (1) A written policy addressing purpose, goals, objectives, targets, procedures, methods, and uses of the evaluation system. This policy shall be developed by the board in consultation with representative teachers and administrators.
   (2) Procedures for making evaluation information available to all affected personnel.

   (5) Dates (or a schedule) for evaluation visits for probationary and tenured staff.
   (6) Identification of the personnel or positions which will perform the evaluations.
   (7) What is to be evaluated. Consideration should be given to:
      (A) Self-evaluation progress reports by individuals being evaluated.
      (B) Criteria, in addition to state mandated criteria, which might include: criteria related to the job description, district goals, school objectives, and the previously cooperatively developed position objectives.
      (C) Equitable application of evaluation criteria to all personnel.
      (D) Evaluating only those things which are currently applicable to the job the staff member is performing and not those things which should have been evaluated during preemployment.
   (8) Specified ways that evaluation data will be collected as well as when, how long, and how observations will be performed.
   (9) Security and controlled access to the evaluation reports.
   (10) Provisions for initial, post visit, and follow-up conferences with evaluator or immediate supervisor. Forms should be completed by evaluator, signed, then reviewed, commented on, and signed by the person being evaluated.
(11) Place for recommendations, prescriptions, or citations of inadequacy. These procedures should include written statements by the evaluator as to:
   (A) What should be done by the person evaluated, including level of performance expected.
   (B) When the corrective action is expected to be completed, which time shall not exceed two months.
   (C) What resources the school will provide to help the person evaluated achieve the expected performance.
   (D) The form in which the report of performance should be submitted (i.e., oral interview, self-evaluation report, narrative description, list of data action documents, etc.).

   (A) Assignment to another school or position within the district.
   (B) Visitation and planning.
   (C) Demonstrations or simulations.

   (E) Provide a record of the quality of teaching and quality of staff in the district.

(e) Procedures designed to avoid potential teacher dismissal. Principals having delegated administrative responsibilities as a part of the comprehensive operation of their respective schools have an inherent obligation for the professional success of their teaching staff. Subsequent to an analysis of the results of a number of measures from which it can be validly inferred from a teacher's performance the principal or evaluator shall, according to law:
   (1) Bring the matter to the attention of the teacher, in writing, and make a reasonable effort to assist the teacher to correct whatever appears to be the cause for potential dismissal or nonreemployment; and
   (2) Allow a reasonable time for improvement, which time shall not exceed two (2) months. The nature and gravity of the teacher's conduct shall be considered in determining what length of time would be reasonable. If the teacher does not correct the cause for potential dismissal or nonreemployment within a reasonable length of time, the principal shall make a recommendation to the superintendent of the school district for the dismissal or nonreemployment of the teacher. (70-6-103.2) This section does not apply to a superintendent of schools. 648 P.2d 26

(f) Pretermination procedures. Subsequent to the decision by the superintendent that cause does, in fact, exist for the dismissal or nonreemployment of a teacher certain steps must be followed. These
include notification and hearing. The United States Supreme Court has ruled that school employees have certain pretermination rights which must be met prior to dismissal which include:

Previous revocation of the Department’s rules relating to transfers necessitated that new, revised rules be promulgated to reflect current statutes and procedures.

4. Include a reference to any statute that the rule change interprets, any related statute or any related rule, and include a description of the classes of persons who most likely will be affected by the rule(s).
Proposed rules will affect the students and parents of students seeking transfers pursuant to the law. The proposed changes will provide guidance on special education transfers and gifted education transfers. School districts will also be affected by this rule.

70 O.S. § 3-104

7. Does the proposed change incorporate a set of rules from a body outside the state, such as a national code? If so, list from what body and provide legal name of the set of rules, as recognized by that state.
Not applicable.

8. Why is this considered an emergency and what might happen if not promulgated as soon as possible?
Not applicable.

(4) Not later than June 15—County superintendent must notify the clerk of each affected board of education as to whether or not the transfer was granted.

(c) Special education transfers.

(1) Regular special education transfer: In order that a child, identified pursuant to the provisions of Title 70 O.S. 1981 § 13-101 may be transferred, a written application for such transfer, designating the district to which the transfer is desired, shall be made by either of his/her parents, or by his/her guardian, and such application shall be filed with the county superintendent of schools for transfers to school districts in the State of Oklahoma and with the State Board of Education for transfers to school districts in another state not later than May 15, preceding the school year for which the transfer is desired. The county superintendent of schools shall notify, no later than May 25, the clerk of the board of education of the district from which the transfer is proposed to be made and the clerk of the board of education of the district to which the transfer is proposed to be made. The notices of the application for transfer shall so state that the board of education, from which the transfer is proposed, will submit information as required by the State Board of...
EDUCATION POLICIES AND PROCEDURES MANUAL FOR SPECIAL EDUCATION IN OKLAHOMA for the delivery of Special Education Services for each identified child with a disability and that on or before June 5, the board of education of either district affected by the proposed transfer shall have an opportunity to show cause, if any, why the transfer should or should not be granted. This information will include (1) a current individual evaluation, (2) a categorical-eligibility statement and (3) a current Individualized Education Program (IEP). The county superintendent of schools shall, not later than June 15, notify, in writing, the clerk of each board of education affected as to whether or not the transfer has been granted. Provided that at any time before June 20, the board of education of either district or the parent or guardian of the child may appeal, in writing, from the action of the county superintendent of schools to the district court of the county in which the child resides, and such appeal shall be heard, and a decision rendered thereon not later than June 30, and such decision shall be final.

(2) Emergency special education transfer. A written application for an emergency special education transfer for a child, identified pursuant to the provisions of Title 70 O.S. 1981 § 13-101, designating the district to which the transfer is desired shall be made by either the parent or guardian, and on an adequate showing of emergency based on information as required by STATE BOARD OF EDUCATION POLICIES AND PROCEDURES MANUAL FOR SPECIAL EDUCATION IN OKLAHOMA for the delivery of Special Education Services for each identified child with a disability. This information will include (1) a current individual evaluation, (2) a categorical-eligibility statement and (3) a current Individualized Education Program (IEP) and shall be submitted to the county superintendent who may make and order a transfer, subject to approval by the State Board of Education.

(3) Cancellation of regular or emergency special education transfer. A transfer made may be canceled with the concurrence of the board of the receiving district, and a transfer granted. Also, on affidavit of parent or guardian, or of the school board of the transferring district, disclosing removal of residence from the transferring district, a transfer previously made may be canceled. Cancellation of special education transfers are subject to the rules and regulations of the State Board of Education and the procedural due process requirements outlined at 20 U.S.C. § 1415, of the Individuals With Disabilities Education Improvement Act.

(4) Residence of child—attendance in transportation area. Any child, identified pursuant to the provisions of Title 70 O.S. 1981 § 13-101, residing in a school district in the State of Oklahoma that does not offer the grade such child is entitled to pursue shall be entitled to attend the school of the school district in the transportation area in which such pupil resides that offers the grade he is entitled to pursue.

(5) Kindergarten transfers (70-18-108). It is the duty of every school district in this state to provide and offer kindergarten free of tuition for every child residing in such district who attains the age of five (5) years by the second day of September of the school year such kindergarten is offered. This duty may be satisfied by transferring kindergarten children to other school districts which accept them and provide kindergarten for such children with the district in which the child resides paying seventy-five percent (75%) of the average daily attendance per capita cost of the receiving district. The average daily attendance of such child shall be credited to the sending district of the child. When tuition is paid to a public school district for an underage kindergarten
student during a given year, said student can legally enroll as a first-grade student the following year in the same district without paying tuition. (70-1-114)

(c) Gifted and talented transfers (70-1210.307). Beginning with the school year 1983-84, it shall be the duty of each school district to provide gifted child educational programs for all identified gifted children, as defined in Section 1210.301 of Title 70 of the Oklahoma Statutes, who reside in that school district. This duty may be satisfied by: The district transferring identified gifted and talented children to other school districts which provide the appropriate gifted child educational programs, provided, no transfer shall be made without the consent of the board of education of the receiving school district. The district in which the child resides shall provide transportation for the transferred student and pay an amount of tuition equal to the proportion of the operating costs of the program to the receiving district. Transfers authorized by this section shall be made under such rules and regulations as the State Board of Education may prescribe; or the district located wholly or in part in a county participating in any program established by that county superintendent of schools.

210:10-1-18. Transfers

(a) All district transfers shall be governed by the Oklahoma Education Open Transfer Act, 70 O.S. § 8-101.1, et seq. Transfers made for the purpose of providing a free and appropriate public education (FAPE) to special education students shall be governed by 70 O.S. § 18-110 and 70 O.S. § 13-101, et seq. Transfers made for the purpose of providing gifted child educational programs shall be governed by 70 O.S. § 1210.307.

(b) The following definitions shall apply in State Department of Education rules relating to transfers:

1) Open Transfer- The transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue. An open transfer may be requested and approved only during the statutory timeframe.

2) Emergency Transfer- the transfer of a student from the district in which the student resides to another school district furnishing the grade the student is entitled to pursue which, for specific reasons, must be requested and approved outside of the statutory timeframe required for open transfers.

3) IEP Service Agreement- An agreement between school districts to provide special education and related services to a qualified student with a disability solely for the purpose of providing the student a free and appropriate public education (FAPE). An IEP Services Agreement is the resourcing of special education and related services to a school district that agrees to provide FAPE to a qualified student with a disability on behalf of the resident district.

4) “Special Education and Related Services”: All services required to be provided pursuant to the Individuals with Disabilities Act (IDEA), namely, a free and appropriate public education (FAPE) as defined by that law.

5) Receiving School District- The school district in which the student is seeking to be transferred.

6) Resident School District- The school district in which the custodial parent or person having custody of the student resides.

7) Parent- The parent, guardian, or person having legal custody of the student.

(c) Open Transfers. Transfers to another district may be approved by the board of education of the receiving school district. If the grade a student is entitled to pursue is not offered in the district where the student resides, the transfer shall be automatically approved by the receiving school district. No student may be granted more than one (1) open transfer per school year, but may qualify for additional transfers pursuant to emergency provisions of the Education Open Transfers Act or a legal change in residence.
1) The parent of the student must complete an application form specified by the State Board of Education. The application must be submitted to the receiving school district by April 1 of the school year preceding the school year for which the transfer is being requested.

2) The receiving school district shall notify the resident school district that an application for transfer has been filed.

3) The board of education of the receiving school district shall approve or deny the application no later than June 1 of the same year and notify the parents of the student in writing.

4) The parents of the student shall confirm enrollment in the receiving school district by July 1 of the same year. Failure of the parents to notify may result in the loss of the student's right to enroll in the school district for that year only. If a parent fails to notify the receiving school district that a student will be enrolling, and the receiving school district chooses to cancel the transfer, the receiving school district shall provide a written notice of the cancellation to the parent and the resident district immediately upon cancellation.

5) Local school districts shall adopt a policy governing the transfer of students who do not reside in the school district. A receiving school board of education may refuse the transfer request of a student who does not reside in the district in accordance with the provisions of the adopted policy, but may not accept or deny a request based on statutorily prohibited factors.

6) Approval of the resident district is not required for an open transfer.

7) Transfer requests submitted outside of the statutory time frame will not be considered timely and must meet the statutory criteria of an emergency transfer to be approved.

(d) Emergency Transfers. In addition to the open transfer process, students may be transferred on an emergency basis, as proscribed by statute.

1) The parents of the student may make an application for an emergency transfer. The application for emergency transfer must be filed with the superintendent of the receiving school district.

2) The superintendent of the receiving school district may approve the emergency transfer only upon an adequate showing of emergency, and subject to approval of the State Board of Education.

3) Only the superintendent of the receiving school district or his/her designee responsible for approving transfers may submit an application for emergency transfer to the State Board of Education for approval. The superintendent or designee of the receiving school district shall collect documentation from the student desiring to be transferred, and may be required to submit such documentation to the State Board of Education. In submitting an application for an emergency transfer to the State Board of Education, the superintendent or designee verifies that he/she has personally reviewed and approved the application and attests that the student qualifies for an emergency transfer.
   a. If the superintendent has appointed a designee to review and approve emergency transfers, the school district shall notify the State Department of Education of the appointment.
   b. Resident district approval of an emergency transfer is only required if the emergency transfer is being conducted pursuant to 70 O.S. § 8-104(5). Emergency transfer approval requests submitted to the State Board of Education shall be reviewed by the resident district within ten (10) business days of submission. Failure to review the emergency transfer request within ten (10) business days shall result in an automatic approval.

4) Emergency transfers shall be approved only in the following circumstances:
   a. The destruction or partial destruction of a school building;
   b. Inability of the resident district to offer the subject a student desires to pursue, if the student becomes a legal resident of the school district after February 1 of the school year immediately prior to the school year the student is seeking to transfer.
   c. A catastrophic medical problem of a student, which for purposes of this section shall mean an acute or chronic serious illness, disease, disorder or injury which has
permanently detrimental effect on the body’s system or renders the risk unusually hazardous;

d. Total failure of transportation facilities;
e. With the concurrence of both the sending and receiving school districts;
f. The unavailability of remote or on-site Internet-based instruction by course title in the district of residence for a student identified as a result of the district’s intake and screening procedures as in need of drop-out recovery or alternative education services, provided such student was enrolled at any time in a public school in this state during the previous three (3) school years; or

g. The unavailability of specialized deaf education programs for a student who is deaf or hearing impaired. This transfer may be processed and handled as an IEP Services Agreement. Such determination shall be made in coordination with the parents of the requesting student.

5) Obtaining an emergency transfer by submitting an application that includes false or inaccurate information, or obtaining an emergency transfer on behalf of a student who remains in the resident school district may result in a reduction of a district’s funding allocation based on Average Daily Attendance (ADA) and/or Average Daily Membership (ADM).

6) If a student to whom a transfer has been granted fails to report and/or enroll in the receiving school district, the superintendent of the receiving school district shall notify the State Board of Education and the resident school district within ten (10) business days.

7) Emergency transfers may be cancelled with the concurrence of the board of the receiving school district and the parents of the student. A school district must notify the parent in writing of the date and time for which the transfer will be considered for cancellation by the school board.

210:10-1-19: Special Education and Gifted Education Transfers

(a) It shall be the duty of each school district to provide special education and related services for all children with disabilities who reside in that school district in accordance with the Individuals with Disabilities Act (IDEA), P.L. No. 105-17. A school district/LEA may fulfill this duty, to provide FAPE, by one of the following:

1) The district directly providing special education for such children;
2) The district joining a cooperative program with another district or districts to provide special education;
3) The district joining in a written agreement with a private or public institution, licensed residential childcare and treatment facility or day treatment facility within the district to provide special education and related services to students with disabilities;
4) The district entering into a written agreement with another school district whereby the resident district agrees that the receiving school district will provide FAPE to a qualified student with a disability. This agreement is an IEP Service Agreement, entered into solely for the purpose of providing special education and related services (FAPE) to a qualified student with a disability. In this case, all funds remain with the resident school district, which agrees to pay tuition to the receiving district. Further, the average daily membership (ADM) of the student is credited to the resident district. The resident district has the responsibility to provide FAPE, special education and related services, including transportation for students serviced pursuant to this provision. Representatives of the resident district are responsible for the development and implementation of the IEP and must be included in all IEP meetings. In the event of a due process complaint, the resident district retains responsibility.

a. The transfer of the provision of special education and related services to a child pursuant to this section for three (3) consecutive years to the same school district shall lead to automatic renewal of the agreement each year. In these cases, the resident district shall continue to pay tuition as provided by law. Automatic renewal occurs only in cases where
IEP Service Agreements transfer of the provision of services to a receiving school district.

b. IEP Service Agreements are granted by approval of both the resident and receiving school districts. Such agreements shall be memorialized in writing and documented in State Department of Education’s student information system. This agreement should not be documented as a transfer pursuant to the Education Open Transfer Act.

(b) All other transfers involving a student with disabilities are open transfers and shall be conducted in accordance with the Open Transfer Act and State Department of Education rules. Transfers granted to students who are incidentally special needs students are not granted pursuant to this section and shall be governed by OAC 210:10-1-18 and governing state law. Consideration shall be given to the original purpose of the transfer.

1) In the event a student with disabilities requests a transfer for any reason other than to receive FAPE, the following provisions shall apply:

a) The receiving school district shall establish availability of the appropriate program, staff, and services prior to the approval of the transfer; and

b) The receiving school district shall consult the resident school district and the parents of the student to determine how FAPE will be provided to the student. Services comparable to those described in the IEP shall be provided until the receiving school district adopts the child’s IEP from the resident district or develops, adopts and implements a new IEP that meets IDEA requirements.

2) In such cases, the receiving district shall claim the child in the average daily membership (ADM) for state and federal funding purposes and shall assume responsibility for education of the child. The receiving district will be responsible for all special education and related services provided to the child, including transportation if necessary to provide FAPE to a student with a disability. The provisions of IEP Service Agreements shall not apply in these cases.

3) Upon approval of the transfer pursuant to the Education Open Transfer Act, the receiving district shall claim the child in the average daily attendance for membership (ADM) for state and federal funding purposes and shall assume responsibility for education of the child. For state funding purposes, the State Department of Education shall include the appropriate grade level weight and all category weights to which the pupil is assigned to calculate State Aid pursuant to 70 O.S. § 18-200.1, et seq.

(c) In the event of an IEP Services Agreement, it is the responsibility of the resident school district to provide transportation to a child who has been granted a transfer for the purpose of providing a free and appropriate public education (FAPE). In the event of an open transfer, the receiving school district is responsible for providing transportation if necessary to provide FAPE to the student with a disability.

1) The need for transportation must be determined on an individualized basis by the IEP team, which consists of a parent, special education teacher, general education teacher, and an administrator. If the IEP team determines that transportation is a related service the child needs in order to access FAPE, then the service will be provided regardless of the distance the child resides from the school. The need for, frequency, and duration of these services must not be determined by the category of disability, the availability of services, or the distance the child lives from the school where the special education program is to be delivered. If the child requires transportation to receive, benefit from, or obtain access to a special education program, the district shall provide it at no cost to the student. When possible, children on an IEP should be transported with nondisabled peers.

i. Under federal regulations, transportation and such developmental, corrective, and other supportive services may be required for a child with a disability benefit from special education. Transportation includes travel to and from school and between schools, travel in and around school buildings, and specialized equipment required to provide transportation to a child with disability, such as special or adapted buses, lifts, and ramps.
ii. The provision of transportation for preschool children with disabilities must be considered on an individual basis by the IEP team. The team must consider transporting a preschool aged child to the site where special education and related services are provided, if that site is different from the site at which the child receives other preschool services.

iii. The school district may provide transportation services directly or contract with parents or some other person to furnish transportation. The miles driven and cost per mile to be paid by the school district should be specified in the IEP. Based on a mutual agreement, between two school districts, a school district offering special education classes may extend its transportation services to include the transportation of children qualifying for special education in an adjacent district that does not offer special education classes.

iv. Children with disabilities are entitled to the same length of school day offered to all children as established in Oklahoma state law. Transportation, scheduling, or administrative conveniences are not acceptable reasons for students with disabilities to have shortened school days. Additionally, academic schedules may not be lengthened or shortened to accommodate transportation.

2) Independent school districts are responsible for providing FAPE to children aged three (3) through twenty-one (21) years old. Elementary school districts are responsible for providing FAPE to children aged three (3) through the highest-grade level of the school. A school district’s responsibility to provide transportation to children with disabilities extends to the grade offered by that school district.

i. If a child transfers to an independent school district upon completion of the highest grade offered by an elementary school district, and the student lives within the independent school’s transportation area, that independent district must provide transportation for that child.

ii. Other independent school districts may also enroll any transferred high school child, but they are not required to provide this transportation service outside their transportation area.

iii. In the event that transportation is included as a related service in the IEP and is reviewed by the receiving independent school district, the receiving school district will be required to provide transportation regardless of the transportation area where the child resides.

(d) It shall be the duty of each school district to provide gifted child educational programs and to serve those children, as defined in 70 O.S. § 1210.301. This duty may be satisfied by:

1. The district directly providing gifted child educational programs for such children;
2. The district joining in a cooperative program with another district or districts to provide gifted child educational programs for such children;
3. The district joining in a cooperative program with a private or public institution within such district; or
4. The district entering into a written agreement with another school district whereby the resident district agrees that the receiving school district will provide appropriate gifted child educational programs.

a. No transfer shall be made without the consent of the board of education of the receiving school district;

b. The resident school district shall provide transportation for the transferred student; and

c. The resident school district shall pay an amount of tuition equal to the proportion of the operating costs of the program to the receiving district.
Sections 20 through 29 of this act shall be known and may be cited as the "Education Open Transfer Act".

**Historical Data**

A. On and after January 1, 2000, the transfer of a student from the district in which the student resides to another school district furnishing instruction in the grade the student is entitled to pursue shall be granted if the transfer has the approval of the board of education of the receiving district. A student granted a transfer may continue to attend the school to which the student transferred with the approval of the receiving district only, and any brother or sister of such student may attend such school with the approval of the receiving district only. No student shall be permitted to transfer more than once in any school year.

If the grade a student is entitled to pursue is not offered in the district where the student resides, the transfer shall be automatically approved.

B. When a student has been transferred and later changes residence to another school district in the State of Oklahoma, the student shall be entitled to continue to attend school in the district to which the student was transferred. If a change of residence is to the district to which the student was transferred, upon affidavit of the parent of the student, that district shall become the resident district. If a student changes residence to another district during the school year which is not the same district the student transferred to, the student shall be entitled to attend school in either the receiving district or the new district of residence for the remainder of the current year.

C. Any student transfer approved for any reason prior to January 1, 2000, shall continue to be valid and shall not be subject to the Education Open Transfer Act unless the parent having custody chooses otherwise.

Historical Data

A. In order that any student may be transferred, an application form specified by the State Board of Education must be completed by the parents of the student. For purposes of the Education Open Transfer Act, the term "parent" means the parent of the student or person having custody of the student as provided for in paragraph 1 of subsection A of Section 1-113 of this title. The application shall be obtained from and filed with the superintendent of the receiving school district for transfers to school districts in the State of Oklahoma and with the State Board of Education for transfers to school districts in another state. Except as otherwise provided for in this section, applications shall be filed no later than April 1 of the school year preceding the school year for which the transfer is desired. By April 1 of the same school year, the receiving school district shall notify the resident school district that an application for transfer has been filed by a student enrolled in the resident school district. The board of education of the receiving school district shall approve or deny the application for transfer not later than June 1 of the same year and shall notify the parents of the student of the decision. By July 1 of the same year, the parents of the student shall notify the receiving school district that the student will be enrolling in that school district. Failure of parents to notify the district as required may result in loss of the student's right to enroll in the district for that year.

B. On or before September 1, it shall be the duty of the superintendent of the receiving school district to file with the State Board of Education and each resident district a statement showing the names of the students granted transfers to the school district, the resident school district of the transferred students and their respective grade level.

C. The receiving school district of a student transferred pursuant to the provisions of this act shall notify the resident school district and parents of the student of a cancellation of the transfer. Such notice shall be made by June 1 prior to the school year for which the cancellation is applicable.

D. For students who are deaf or hearing impaired who wish to transfer to a school district with a specialized deaf education program, applications may be filed at any time during the school year. Upon approval of the receiving school district, the student may transfer to the receiving school district at any time during the school year.

**Historical Data**

A local school district board of education which receives a request for a transfer for a student who does not reside in the school district may refuse the transfer in accordance with the provisions of the open transfer policy adopted by the local school district board of education. Each local board of education shall adopt an open transfer policy for the school district which specifies its criteria and standards for approval of transfers of students who do not reside in the district. The policy shall include, but shall not be limited to, provisions relating to the availability of programs, staff, or space as criteria for approval or denial of transfers. A school district may include in the policy as the basis for denial of a transfer, the reasons outlined in Section 24-101.3 of Title 70 of the Oklahoma Statutes.

In considering requests for students to transfer into a school district, the board of education shall consider the requests on a first-come, first-serve basis. A school district shall not accept or deny a transfer based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measure of achievement, aptitude, or athletic ability.

Notwithstanding the provisions of the Education Open Transfer Act, transfers of children with disabilities shall be granted as authorized in Section 13-103 of Title 70 of the Oklahoma Statutes.

**Historical Data**

If the student is granted an emergency transfer pursuant to Section 8-104 of this title, was granted a transfer for any reason prior to January 1, 2000, or enrolls pursuant to the Education Open Transfer Act and qualifies for a hardship waiver pursuant to the rules of the Oklahoma Secondary School Activities Association, eligibility to participate in school-related extramural athletic competition shall be determined by the Oklahoma Secondary School Activities Association.

Historical Data

In addition to the transfer process provided in Section 8-103 of this title, students may be transferred on an emergency basis. A written application for an emergency transfer designating the district to which the transfer is desired shall be made by the parent and filed with the superintendent of the receiving school district. On an adequate showing of emergency the superintendent of the receiving school district may make and order a transfer, subject to approval by the State Board of Education. An emergency shall include only:

1. The destruction or partial destruction of a school building;

2. The inability to offer the subject a pupil desires to pursue, if the pupil becomes a legal resident of a school district after February 1 of the school year immediately prior to the school year for which the pupil is seeking the transfer;

3. A catastrophic medical problem of a student, which for purposes of this section shall mean an acute or chronic serious illness, disease, disorder or injury which has a permanently detrimental effect on the body’s system or renders the risk unusually hazardous;

4. The total failure of transportation facilities;

5. The concurrence of both the sending and receiving school districts;

6. 7. The unavailability of a specialized deaf education program for a student who is deaf or hearing impaired.

An emergency transfer previously made may be canceled, with the concurrence of the board of the receiving district and the parent.
