\*Current SIG Schools

**Priority School Criteria:**

- C. Among the lowest 5% of all schools, including Title I schools in the State based on the proficiency and lack of progress of the “all students” group
- D. High school with graduation rate less than 60% over a number of years
- E. Tier I or Tier II SIG school implementing a school intervention model

**Priority School (as modified from ESEA Flexibility for Oklahoma):** A school that, based on the most recent data available, has been identified as among the lowest-performing schools in the State. The total number of priority schools in a State must be at least five percent of the Title I schools in the State. A priority school is—

- a Title I school among the lowest five percent of Title I schools in the State based on the achievement of the “all students” group in terms of proficiency on the statewide assessments that are part of the SEA’s differentiated recognition, accountability, and support system, combined, and has demonstrated a lack of progress on those assessments over a number of years in the “all students” group;
- a school among the lowest five percent of all schools in the State based on the achievement of the “all students” group in terms of proficiency on the statewide assessments that are part of the SEA’s differentiated recognition, accountability, and support system, combined, and has demonstrated a lack of progress on those assessments over a number of years in the “all students” group;
- a Title I-participating, Title I-eligible, or non-Title I high school with a graduation rate less than 60 percent over a number of years; or
- a Tier I school under the SIG program that is using SIG funds to implement a school intervention model.
