

## **Central Contractor Registration system (CCR), System for Award Management (SAM) and DUNS Numbers**

On May 29, 2012, the Central Contractor Registration system (CCR) went away. CCR was migrated into the new System for Award Management (SAM).

When it is time to renew your current CCR registration, you will do it in SAM. You will go to [www.SAM.gov](http://www.SAM.gov), create a simple SAM user account, and follow the online instructions to validate and update your information. We recommend that you visit the website and access your information to verify that your registration is valid.

If you have questions or would like more information, please go to [www.fsd.gov](http://www.fsd.gov) or call (866)606-8220.
