### Commentary

- The calculations are based on the number of days attended and the weighted grade levels.
- The weighted grade levels are calculated by multiplying the grade level by a weight factor and then summing these values for each grade level.
- The total weighted grades are then calculated by summing the weighted grades for all grades.

---

This page contains tables for calculating weighted pupil grade levels using ADA and ADM measures for the schools in OKLAHOMA. The tables detail the calculation process for each grade level, including the number of legal days attended, grades, and the resulting weighted ADA and ADM values. The bottom of the page shows the overall total for the school, along with the unweighted and weighted grades, and grade level weights for the year 2012.
