Senate Bill 630 becomes effective July 1, 2015. This bill amends the Reading Sufficiency Act to extend the provisions of the Student Reading Proficiency Teams and expands the provisions to those students scoring Limited Knowledge on the OCCT.

- **Section 1:** Clarifies that students in kindergarten through third grade must be assessed using a screening instrument at the beginning and end of each school year. Screening instruments are approved by the State Board of Education and must measure phonemic awareness (changed from phonological), phonics, reading fluency, vocabulary and comprehension. Spelling has been eliminated as a requirement for screening instruments.
  
  o Students in first and second grade who are not reading at the corresponding grade level, as measured by a screening instrument, are entitled to “individualized” remediation, until the student is reading on grade level.
  
  o A Student Reading Proficiency Team (SRPT) is required to develop a plan of “individualized remediation.” The team is to include the parent/guardian, the student’s teacher who is responsible for reading instruction for the current academic year, the student’s teacher who is responsible for reading instruction for the upcoming year and a certified reading specialist, if available.

- **Section 1(H):** Clarifies that any student in 1st-3rd grade who is reading at a third-grade level, as measured by a screening instrument, is exempt from possible retention under the provisions of the Reading Sufficiency Act (RSA).

- **Section 1(H)(4):** Extends the provisions of the Student Reading Proficiency Team (SRPT) through the 2017-2018 school year.
  
  o For the 2015-2016 school year, third-grade students who have not already been shown to be reading at a third-grade level, and who score “unsatisfactory” on the reading portion of the third-grade reading Oklahoma Core Curriculum Test (OCCT) may be evaluated for “probationary promotion” by the SRPT.
  
  o For the 2016-2017 and 2017-2018 school years, third grade students who have not already been shown to be reading at a third-grade level, and who score “unsatisfactory” OR “limited knowledge” on the reading portion of the third-grade reading OCCT may be evaluated for “probationary promotion.”
Note: In order for students’ scores on only the reading portion of the OCCT to be used for purposes of RSA, the State Department of Education will partner with the assessment company to ensure the reading portion of the OCCT can be isolated.

SRPT’s created for the purpose of evaluating students for “probationary promotion” will include the parent/guardian, the student’s teacher who is responsible for reading instruction for the current academic year, the student’s teacher who is responsible for reading instruction for the upcoming year and a certified reading specialist. For these teams the certified reading specialist is NOT optional.

The SRPT’s are no longer required to include the school principal; however, both the principal and the district superintendent must approve any recommendation for “probationary promotion.”

- Section 1(H)(5): Clarifies that beginning in 2016-2017, students who score below proficient on the reading portion of the third-grade reading OCCT, do not qualify for a good cause exemption, and are not approved for “probationary promotion,” must be retained.

- Section 1(H)(8): Clarifies that the “reading portion” of the third-grade reading OCCT includes reading comprehension and vocabulary for purposes of promotion and retention decisions under RSA.

- Section 1(I): Current law requires that the parent of a student who is not reading at the appropriate grade level be notified in writing of the following information:
  - That the student has been identified as having a substantial reading deficiency,
  - A description of the current services being provided,
  - A description of proposed supplemental instructional services and supports,
  - That the student will not be promoted to fourth grade if the reading deficiency is not remediated by the end of third grade and no other exemptions are met,
  - Strategies for parents to help their child succeed in reading,
  - That the OCCT third-grade reading test is only the initial determinant and other opportunities for promotion are available, and
  - The district’s policy for mid-year promotion.

- Added to this list are “a description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale,” which is interpreted to mean a Lexile score; and the grade-level performance score of the student.
• Section 1(N)(4): Allows for a student to be promoted at mid-year, prior to November 1, if they demonstrate proficiency in reading at the third-grade level on a screening instrument from the list approved by the State Board of Education.

• Section 1(O): Clarifies that district Intensive Acceleration Classes as part of the Reading Enhancement Acceleration Development (READ) Initiatives, be targeted to students who scored below proficient on the third-grade reading OCCT and were retained.

The program of reading instruction for each student shall be developed by a Student Reading Proficiency Team and shall include individualized remediation. Each team shall be composed of:

   a. the parent or guardian of the student,

   b. the teacher assigned to the student who had responsibility for reading instruction in that academic year,

The plan shall be updated annually. School districts shall not be required to electronically submit the annual updates to the Board if the last plan submitted to the Board was approved and expenditures for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. For the 2016-2017 and 2017-2018 school years, a student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who scores at the unsatisfactory or limited knowledge levels on the reading portion of the third-grade statewide criterion-referenced test may be evaluated for "probationary promotion" by the Student Reading Proficiency Team. The Student Reading Proficiency Team shall be composed of:

(1) the parent(s) and/or guardian(s) of the student,

(2) the teacher assigned to the student who had responsibility for reading instruction in that academic year,

(3) a teacher in reading who teaches in the subsequent grade level, and

(4) the school principal, and

(5) a certified reading specialist.

b. The student shall be promoted to the fourth grade if the team members unanimously recommend "probationary promotion" to the school principal and the school district superintendent and the principal and superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed a "probationary promotion", the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student
demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellence Act.

6. Beginning with the 2015-16 2016-2017 school year, students who score at the unsatisfactory level on the reading portion of the statewide third-grade criterion-referenced test and who are not subject to a good cause exemption as provided in subsection K of this section, and who do not qualify for promotion or "probationary promotion" as provided in this subsection, shall be retained in the third grade and provided intensive instructional services and supports as provided for in subsection N of this section.

7. Each school district shall annually report to the State Department of Education the number of students promoted to the fourth grade pursuant to paragraphs 1 and 3 of this subsection. Following the 2013-14 and 2014-15 2015-2016, 2016-2017 and 2017-2018 school years, each school district shall report the number of students promoted to a subsequent grade pursuant to the provisions in paragraph 5 4 of this subsection. The State Department of Education shall publicly report the aggregate and district specific number of students promoted on their website and shall provide electronic copies of the report to the Governor, Secretary of Education, President Pro Tempore of the Senate, Speaker of the House of Representatives, and to the respective chairs of the committees with responsibility for common education policy in each legislative chamber.

8. Nothing shall prevent a school district from applying the principles of paragraphs 4 3 and 5 4 of this subsection in grades kindergarten through second grade.

8. To determine the promotion and retention of third-grade students pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the reading comprehension and vocabulary scores portion of the statewide third-grade criterion-referenced
test and shall not use the other language arts scores portions of the test.

I. The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for in subsection H of this section or is exempt for good cause as set forth in subsection K of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. The grade-level performance scores of the student;

7. That while the results of the statewide criterion-referenced tests administered pursuant to Section 1210.508 of this title are the initial determinant, they are not the sole determiner of promotion and that portfolio reviews and assessments are available; and

7-8. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection N of this section.
J. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

K. For those students who do not meet the academic requirements for promotion and who are not otherwise promoted as provided for in subsection H of this section, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. Limited-English-proficient students who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

5. Students with disabilities who participate in the statewide criterion-referenced tests and who have an individualized education program that reflects that the student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading and was previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade;

6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two (2) years; and

7. Students who have been granted an exemption for medical emergencies by the State Department of Education.
L. A student who is otherwise promoted as provided for in subsection H of this section or is promoted for good cause as provided for in subsection K of this section shall be provided intensive reading instruction during an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

M. Requests to exempt students from the retention requirements based on one of the good-cause exemptions as described in subsection K of this section shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. In order to minimize paperwork requirements, the documentation shall consist only of the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher and, if applicable, the other members of the team as described in subsection H of this section. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

N. Beginning with the 2011-2012 school year, each school district shall:

1. Conduct a review of the program of reading instruction for all students who score at the unsatisfactory below the proficient level on the reading portion of the statewide criterion-referenced test administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set
forth in subsection K of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection H of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:

   a. small group instruction,

   b. reduced teacher-student ratios,

   c. more frequent progress monitoring,

   d. tutoring or mentoring,

   e. transition classes containing third- and fourth-grade students,

   f. extended school day, week, or year, and

   g. summer reading academies as provided for in Section 1210.508E of this title, if available;

3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection H of this section that the student has not met the proficiency level required for promotion and was not otherwise promoted and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and
independent reader, is reading at or above grade level, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating a level of proficiency required to score above the unsatisfactory at the proficient level on the statewide third-grade criterion-referenced test, or upon demonstrating proficiency in reading at the third-grade level through a screening instrument administered pursuant to subsection B of this section, and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:
   a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,
   b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or
   c. a mentor or tutor with specialized reading training.

O. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade
and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction; and

3. Provide a state-approved reading curriculum that, at a minimum, meets the following specifications:

   a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,

   b. provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension,

   c. provides a scientific-research-based and reliable assessment,

   d. provides initial and ongoing analysis of the reading progress of each student,

   e. is implemented during regular school hours,

   f. provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects,

   g. establishes at each school, where applicable, an Intensive Acceleration Class for retained third-grade students who subsequently score at the unsatisfactory below the proficient level on the reading portion of the statewide criterion-referenced tests. The focus of the Intensive Acceleration Class shall be to increase the reading level of a child at least two
grade levels in one (1) school year. The Intensive Acceleration Class shall:

(1) be provided to any student in the third grade who scores at the unsatisfactory below the proficient level on the reading portion of the statewide criterion-referenced tests and who was retained in the third grade the prior year because of scoring at the unsatisfactory below the proficient level on the reading portion of the statewide criterion-referenced tests,

(2) have a reduced teacher-student ratio,

(3) provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,

(4) use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,

(5) provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist,

(6) include weekly progress monitoring measures to ensure progress is being made, and

(7) provide reports to the State Department of Education, in the manner described by the Department, outlining the progress of students in the class at the end of the first semester,

h. provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public
Instruction shall annually prescribe the required components of the reports, and

i. provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

P. In addition to the requirements set forth in this section, each school district board of education shall annually report to the parent or guardian of each student in the district the progress of the student toward achieving state and district expectations for proficiency in reading, writing, science, and mathematics. The school district board of education shall report to the parent or guardian of each student the results on statewide criterion-referenced tests. The evaluation of the progress of each student shall be based upon classroom work, observations, tests, district and state assessments, and other relevant information. Progress reporting shall be provided to the parent or guardian in writing.

Q. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

a. the provisions of this section relating to public school student progression and the policies and procedures of the school district on student retention and promotion,

b. by grade, the number and percentage of all students in grades three through ten performing at the unsatisfactory below the proficient level on the reading portion of the statewide criterion-referenced tests,
c. by grade, the number and percentage of all students retained in grades three through ten,

d. information on the total number and percentage of students who were promoted for good cause, by each category of good cause as specified above, and

e. any revisions to the policies of the school district on student retention and promotion from the prior year.

2. The State Department of Education shall establish a uniform format for school districts to report the information required in this subsection. The format shall be developed with input from school districts and shall be provided not later than ninety (90) days prior to the annual due date. The Department shall annually compile the information required along with state-level summary information, and report the information to the public, the Governor, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives.

R. The State Department of Education shall provide technical assistance as needed to aid school districts in administering the provision of the Reading Sufficiency Act.

S. On or before December 1 of each year, the State Department of Education shall issue to the Governor and members of the Senate and House of Representatives Education Committees a Reading Report Card for the state and each school district and elementary site which shall include, but is not limited to, trend data detailing three (3) years of data, disaggregated by student subgroups to include economically disadvantaged, major racial or ethnic groups, students with disabilities, and English language learners, as appropriate for the following:

1. The number and percentage of students in kindergarten through third grade determined to be at risk for reading difficulties compared to the total number of students enrolled in each grade;
2. The number and percentage of students in kindergarten who continue to be at risk for reading difficulties as determined by the year-end measurement of reading progress;

3. The number and percentage of students in kindergarten through third grade who have successfully completed their program of reading instruction and are reading on grade level as determined by the results of approved reading assessments;

4. The number and percentage of students scoring at each performance level on the reading portion of the statewide third-grade criterion-referenced test;

5. The amount of funds for reading remediation received by each district;

6. An evaluation and narrative interpretation of the report data analyzing the impact of the Reading Sufficiency Act on students' ability to read at grade level; and

7. Any recommendations for improvements or amendments to the Reading Sufficiency Act.

The State Department of Education may contract with an independent entity for the reporting and analysis requirements of this subsection.

T. Copies of the results of the assessments administered shall be made a part of the permanent record of each student.

SECTION 2. This act shall become effective July 1, 2015.

SECTION 3. It being immediately necessary for the preservation of the public peace, health and safety, an emergency is hereby declared to exist, by reason whereof this act shall take effect and be in full force from and after its passage and approval.
