

Federal Grant: Mobilizing National Educator Talent (m-NET)

Benefits to Those Special Education ARL Teachers

(No cost to Participant or District)

- Expense reimbursement of up to \$1,000 per participant to help with some of the costs incurred in earning full certification;
- Access (at no participant cost) to a collaborative virtual learning community that includes eModules and live, subject matter eCoaching sessions delivered by experienced teachers through web-based and mobile technologies to help prepare for **PRAXIS EXAMS**; and
- Access to eLearning tools and applications to access content packages about classroom management and assessment strategies, core subject instructional pedagogy to accelerate learning opportunities for diverse students.

Eligibility Requirements to Participate in mNET

Must be:

- A college graduate with degree(s) in field(s) other than education.
- A school district employee working full time in a special classroom as a teacher of record, who intends to continue to teach in special education in the district for at least three years after earning full certification (assuming positions are available and performance is satisfactory).
- In good standing with the district with satisfactory performance evaluations.
- Enrolled in an Alternative Route to Licensure university program, able to finish within three years.
